# Special Programmes for Slow Learners

Eternal University has a structured assessment system focusing on slow learners which involves implementing specific strategies to support and enhance their learning experience to ensure they succeed academically and develop essential skills. The differential learning needs of slow learners are addressed through following programmes:

## Identification of Slow Learners

- **Scholastic Probation:** The office of controller of Examinations sends the list of students on Scholastic probation (OCPA<5.00) to each Faculty Dean to arrange special classes for them.

## Personalized Support and Interventions

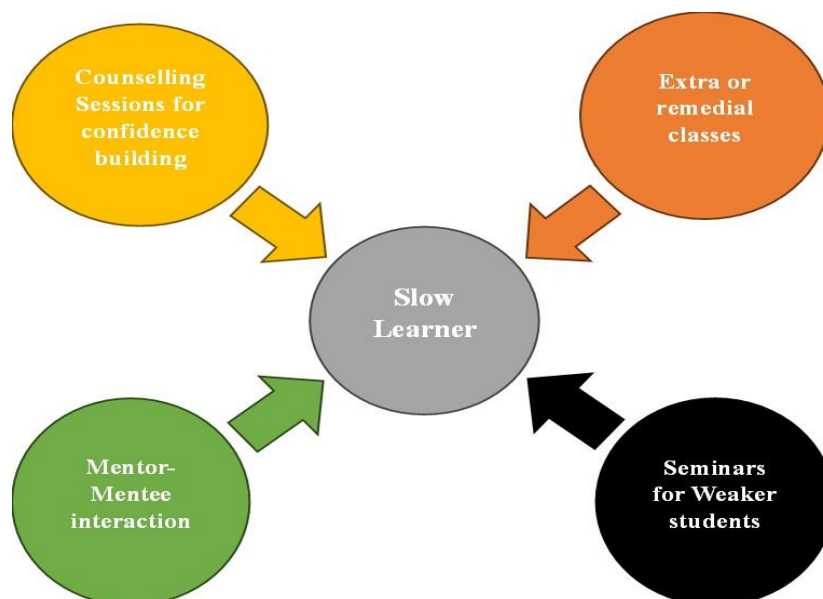

- **Remedial Classes:** Remedial classes and extra tutoring sessions focused on fundamental concepts and skills to bridge learning gaps are organized.

## Mentoring

- **Mentor-mentee Interactions:** The faculty mentor while interacting with the students, identifies introvert students and informs their issues to concerned course faculty to take special attention.

## Counselling Sessions

- Seminars and assignments for weaker students
- Counselling sessions for confidence building

**Session Processed** –Today, BS.c nursing 2<sup>nd</sup> year students were participated in a mentor-mentee session. There were a total of 20 students. I had given an overview of the session, including the goal and purpose of the mentor and mentee session. I introduced myself and explained the situation to the students. I encouraged the pupils to look at their academic and personnel difficulties and encouraged them to discuss the both. The majority of students are more motivated and enthusiastic about their performance in final exams , but students have encountered certain difficulties that I have listed below.

- 1. They have not gotten the students ID .

Rectification – I have explained them the messages will be circulated to concerned authority and you will get it soon.

- 2. They have not the community posting uniform.

Rectification- I explained, at moment it is not needed. You will need it in the fourth year.

- 3. They have faced the some problems in re-demonstration this year, it was not taken from every one, so they are not much confident once they will not performed in front of teachers.

Rectification- I suggested them that I will convey the message to Principal, at least given them half day on every Saturday for practicing, demonstration, re-demonstration once a week.

**Advise on the following points:**

1. Instruction given to come on time after end break
2. The message is given about 1<sup>st</sup> installment should done before 20 September

**Session Processed** –Today, BS.c nursing 2<sup>nd</sup> year students were participated in a mentor-mentee session. There were a total of 20 students. I had given an overview of the session, including the goal and purpose of the mentor and mentee session. I introduced myself and explained the situation to the students. I encouraged the pupils to look at their academic and personnel difficulties. The majority of students are more motivated and enthusiastic about their studies, and they are studying and working hard toward their final examinations, but only a few students have encountered certain difficulties that I have listed below.

- Having stress about their final exams
- One students having difficulty in MSN subjects

Rectification – I have explained the effective ways of doing study and asked them to make study schedule. I advised on following points

1. Adopt good study habits
2. Stay away from phone and other distracters
3. Take a break and take care of yourself
4. Organize important study notes and ask yourself as question you read.
5. Review all important topic again once you have studied
6. Understand your best learning style
7. Make study time a part of your daily routine
8. Study one subject at a time instead of multitasking
9. Stay organized with a study schedule
