POLICY OF STUDENTS MENTORING

Mentor-Mentee Program at Eternal University

At Eternal University, we embark on the rewarding journey of discovery, exploration, personal growth and professional development with each and every mentee. In today's fast-paced world, having a mentor can make all the differences as our mentoring program offers a platform for meaningful connections, insightful conversations, and mutual learning. At its core, mentoring is about fostering relationships built on trust, respect, and shared goals. Our program is designed to facilitate these relationships, pairing mentors and mentees based on their interests, experiences, and aspirations. For mentors, this is an opportunity to give back to the student's community, share your wisdom, and leave a lasting impact on the next generation of leaders. For mentees, this is a chance to learn from the best brains, gain valuable insights, and accelerate their personal and professional development. Throughout this program, mentees have access to resources, workshops, and networking events designed to enhance their mentoring experience. We encourage open communication, active participation, experiential learning, novel idea exchanges and a commitment to learn from each other. To conclude, mentoring is not just about transferring knowledge, but also about nurturing talent, fostering potentials, and building lasting connections among future leaders of the nation who are destined to inspire, empower, and transform lives of millions of countrymen.

Processes and Initiatives involved in Mentor-Mentee Program

1. **Introduction to Mentoring Program:** Provides an overview of the mentoring program, its purpose, and its significance within Eternal University, Baru Sahib. Explains how mentoring can enhance personal and professional growth for both mentors and mentees. Introduces the key elements of the program, including its duration, target participants, and expected outcomes.
2. **Objectives of the Mentoring Program:** Lists the specific goals and objectives that the mentoring program aims to achieve. Emphasizes the importance of mentorship in fostering academic, personal, and professional development. Aligns the objectives with the broader mission and values of Eternal University.
3. **Program Structure and Timeline:** Outlines the overall structure of the mentoring program, including its duration and key milestones. Provides a timeline for different stages of the program, such as recruitment, training, matching, and ongoing support. Highlights any flexibility or adaptability built into the program to accommodate the needs of participants.
4. **Roles and Responsibilities:** Clarifies the roles and responsibilities of mentors, mentees, program coordinators, and other stakeholders. Defines expectations regarding communication, availability, confidentiality, and professionalism. Emphasizes the importance of mutual respect and trust.
5. **Participant Selection and Matching Process:** Describes the criteria and process for selecting mentors and mentees. Explains how mentors and mentees will be matched based on their goals, interests, backgrounds, and preferences. Ensures fairness and transparency in the matching process to maximize the likelihood of successful mentor-mentee relationships.
6. **Training and Development for Mentors and Mentees:** Details the training programs and resources available to mentors and mentees to prepare them for their roles. Covers topics such as effective communication, active listening, goal setting, feedback, and conflict resolution. Encourages continuous learning and self-improvement throughout the mentoring relationship.
7. **Monitoring and Evaluation Mechanisms:** Outlines how the progress and effectiveness of the mentoring program will be monitored and evaluated. Specifies key performance indicators and assessment tools to measure the impact of mentoring on participants' growth and development. Allows for feedback and adjustments to improve the program over time.
8. **Communication and Reporting Protocols:** Establishes clear channels of communication among mentors, mentees, program coordinators, and other stakeholders. Defines protocols for regular check-ins, progress updates, and reporting of any issues or concerns. Promotes transparency and accountability in all communications related to the mentoring program.
9. **Benefits and Outcomes:** Articulates the potential benefits and outcomes for both mentors and mentees participating in the program. Highlights examples of skills enhancement, career advancement, networking opportunities, and personal growth that may result from successful mentoring relationships.
10. **Conclusions:** Summarizes the key points of the mentoring program and its importance within Eternal University. Expresses gratitude to participants, sponsors, and supporters for their contributions to the program's success. Invites ongoing engagement and participation in mentoring activities beyond the formal program period.

Job Responsibilities/Description: Mentors

A mentor may share information with a mentee about her own career path, as well as provide guidance, motivation and emotional support. The mentor may help provide advice, feedback, and support to the mentee, serving variously as role model, teacher, counsellor, advisor, exploring careers, setting goals, developing contacts, and identifying resources depending upon the specific goals and objectives for the support of a mentee.

In Eternal University, the system is already in action and a reminder is being conveyed to new mentors and for other faculty too so that the system get the best stage.

Student Details: All the mentors are desired to maintain a file for each student having all the relevant details of the student such as Name, Contact and address details of student and parents, Hostel address, programme of course work, courses in arrears, if any, performance in each semester and a copy of academic documents.

Attendance: The mentor should be aware of the attendance of the mentee and must ensure that it is at least 75% in each semester.

Registration Process: The mentors should fix a day for their mentees to get their registration done on which the mentee should get their registration cards filled and signed at one common place to save time and energy.

Fee: The mentor should be aware of the fee update of their mentees and to advise them, if any problem is faced by the mentee and exceptional circumstances.

Academic Performance: The mentor should be aware of the academic performance of their mentees.

Meeting: The mentors and mentees should meet every working Saturday between 9:00AM-10:00AM for discussing all the problems of mentees regarding hostel, personal, classes, research and academic problems, if any. The mentors should conduct counselling session for their mentees during that time. The mentor should be flexible to mentee and meet them at the designated time and place.

The mentors will submit the report after first week of every month to the Dean Academics highlighting the activities conducted for the mentoring programme and issues of the mentees that came to their notice as bullet points. The problems, if any, mentioned by the mentee and solved by the mentor, may also be included please.
