COMPLIATION REPORT - MINUTES OF THE MENTOR - MENTEE MEETING

meeting held on On 25/09/2021 at 9am to 10 am

as per the guidelines given by the Eternal University ref.no:EU/VCO/95/49date25/05/2021,,mrs uma,mrsushaMs.Ranjana,Mrs.Uma.M,Ms.JaswinderKaur,Ms.Manpreetkaur,Ms.Suman,Ms.Babitha,Kumari,Ms.Manisha,,Ms.Sameeksha,Ms.Chanchal, faculty of ACN,Mentor of B.Sc and M.Sc.(N) students gathered in class room according to the number allotted . The students were briefed about the Mentor Mentee Programme and its objectives and Purposes to the students as follows :

MENTORING

Mentoring is a collaborative effort between the mentor and the mentee. Mentors are teacher-friends who assist young adult learners during their transitional phases and difficult situations.

It is built on mutual respect and trust.

It was implemented in order to gain a comprehensive assessment of the students' performance as well as to provide inclusive environments for growth and development.

Mentors use their knowledge, experience, and expertise to help their mentees advance professionally and personally by engaging with them on a personal level.

LINE OF REPORTING

UNIVERSITY - PRINCIPAL – COORDINATOR- MENTOR – MENTEE(Students)

The students were briefed about the Mentor Mentee Programme and its objectives and Purposes to the students as follows : -

OBJECTIVES

- Creating bonding opportunities for college groups and communities
- Outside of the classroom, improving teacher-student interactions
- Keeping track of student performance, attendance, and dropouts in a database
- Supporting personal and professional development, as well as tracking psychological development and progress
- Identifying particular abilities, skills, and slow learners, and relaying this information to the appropriate committees
- Locating and resolving difficulties with attendance
- Providing motivation that lasts
- Assuring parents' satisfaction and offering comments
- Identifying educational requirements

- Contributing to the development of rights, responsibilities, and values
- Creating a Comprehensive Student Personal Record
- Creating a positive learning atmosphere in the classroom

Expected Outcomes

- A healthy Learning Environment
- Vibrant Peer Group Exchanges
- Creation of positive communication channels among Principal, Parents, Staff & Students
- Enhancing a feeling of belonging among students
- Self-confident, bold & an active, enthused student community
- Better attendance, lesser dropouts and good psychological health of students
- Confident Parents
- Improved Performance

Summary of the Meeting: -

- ⑩ Students discussed hostel issues, personal issues, and academic success.
- ⑩ The students were also given career advice in addition to this.
- ⑩ The students had no additional hostel, academic, or personal issues.
- ⑩ The students were encouraged to speak openly with the mentor as a personal guide.
- ⑩ Morals, discipline, and punctuality are frequently discussed with students.
- ⑩ The following are some of the issues raised by students:
- ⑩ - Vehicle to transport students from the hostel to the college and vice versa
- ⑩ Requested a Saturday off on the other side of the week.
- ⑩ On the Mentor Mentee Meeting, all mentees acknowledged their happiness and comfort.
- ⑩ For Saturday activities, students requested certificates.

Problems discussed:

1. Students asked for certificates for Saturday activities
2. Students want that fruits and sweet dish should be included in meal on alternative days.
3. Some of the students have issue with increase in the fee (they are explained about the charges have increased for food & accommodation.)
4. Some of the students cannot submit the fees as their loan has not been released, so they have asked to pay it in 3 installments.

MINUTES OF THE MENTOR - MENTEE MEETING :-

On 25/09/2021 at 9am to 10 am as per the guidelines given by the Eternal University ref.no : EU/VCO/95/49 dated 25/05/2021, Mrs. Usha. S, Professor, Department of Child Health Nursing & Ms. Ranjana, Nursing Tutor, ACN, gathered the 1st year B.Sc.(N) students at Lecture Hall - I.

The students were briefed about the Mentor Mentee Programme and its objectives and Purposes to the students as follows :-

OBJECTIVES

- Creating opportunities amongst college groups & communities for bonding
- Refining teacher-student communication outside classroom
- Maintaining data base of student performance, attendance details & drop outs
- Supporting personal & professional growth & monitoring psychological growth & progress
- Identifying special talents, skills, slow learners & passing this information on, to the relevant committees
- Locating & solving attendance issues
- Providing sustained motivation
- Ensuring & providing feedback for parents
- Identifying learning needs
- Assisting in developing rights, responsibilities & values
- Provisioning a Comprehensive Personal Student Record
- Cultivating a healthy learning environment in college

Expected Outcomes

- A healthy Learning Environment
- Vibrant Peer Group Exchanges
- Creation of positive communication channels among Principal, Parents, Staff & Students
- Enhancing a feeling of belonging among students
- Self-confident, bold & an active, enthused student community
- Better attendance, lesser dropouts and good psychological health of students
- Confident Parents
- Improved Performance

Summary of the Meeting: -

- The students were made comfortable to freely communicate with the mentor as personal guide.
- Commonly discussed about Moral, Discipline and Punctuality to the students.
- Students were expressed their issues as follows:-
 - Vehicle to pick up and drop from Hostel to College Vice versa
 - Requested for alternate Saturday off.

Individual Problems : -

Ms. Aditi – requested for Hostel Room change. – (Told her to meet warden for necessary change)

Swati – Wants to quit Nursing.

(Individual one to one counselling given – after the session she felt OK)

Feedback :

All Mentee were expressed that, they are happy and comfortable on Mentor Mentee Meeting.

Mentor Mentee Meeting came to end at 10am with the word of Thanks.

Session Processed –Today, BS.c nursing 2nd year students were participated in a mentor-mentee session. There were a total of 20 students. I had given an overview of the session, including the goal and purpose of the mentor and mentee session. I introduced myself and explained the situation to the students. I encouraged the pupils to look at their academic and personnel difficulties and encouraged them to discuss the both. The majority of students are more motivated and enthusiastic about their performance in final exams , but students have encountered certain difficulties that I have listed below.

- 1. They have not gotten the students ID .

Rectification – I have explained them the messages will be circulated to concerned authority and you will get it soon.

2. They have not the community posting uniform.

Rectification- I explained, at moment it is not needed. You will need it in the fourth year.

3. They have faced the some problems in re-demonstration this year, it was not taken from every one, so they are not much confident once they will not performed in front of teachers.

Rectification- I suggested them that I will convey the message to Principal, at least given them half day on every Saturday for practicing, demonstration, re-demonstration once a week.

Advise on the following points:

1. Instruction given to come on time after end break
2. The message is given about 1st installment should done before 20 September
3. Instruction is given to come with RT-PCR negative report.
4. Quarantine rules is told to them
4. Positive strengthen is given to students for their new sessions.

MINUTES OF THE MENTOR - MENTEE MEETING

On 31/07/2021 at 9am to 10 am as per the guidelines given by the Eternal University ref.no : EU/VCO/95/49dated25/05/2021,

Dr.SimarjeetKaur,Ms.KavithaVerma,Ms.Ranjana,Mrs.Uma.M,Ms.JaswinderKaur,Ms.Manpreet kaur,Ms.Suman,Ms.Babitha,Kumari,Ms.Manisha,Ms.Gurleen,Ms.Sameeksha,Ms.Chanchal,Ms. Ruchika Sharma ,Mr. Muthukumaran, faculty of ACN,Mentor of B.Sc and M.Sc.(N) students gathered in class room according to the number allotted . The students were briefed about the Mentor Mentee Programme and its objectives and Purposes to the students as follows :

MENTORING

1. Mentoring is a partnership between Mentor and Mentee. Mentors are student-centric teacher- friends who help young adult learners in their transitory phases and challenging times.
2. It is based on mutual trust and respect. It has been introduced for obtaining a holistic assessment of the learners' performance and providing inclusive spaces for growth and development.
3. Mentors apply their guidance, experience and expertise in promoting their mentees professionally and personally, through interpersonal engagement.

LINE OF REPORTING

UNIVERSITY - DEAN- PRINCIPAL – COORDINATOR- MENTOR - MENTEE(Students)

OBJECTIVES

- Creating opportunities amongst college groups & communities for bonding
- Refining teacher-student communication outside classroom
- Maintaining data base of student performance, attendance details & drop outs
- Supporting personal & professional growth & monitoring psychological growth & progress
- Identifying special talents, skills, slow learners & passing this information on, to the relevant committees
- Locating & solving attendance issues
- Providing sustained motivation
- Ensuring & providing feedback for parents

40

- Identifying learning needs
- Assisting in developing rights, responsibilities & values
- Provisioning a Comprehensive Personal Student Record
- Cultivating a healthy learning environment in college

Expected Outcomes

- A healthy Learning Environment
- Vibrant Peer Group Exchanges
- Creation of positive communication channels among Principal, Parents, Staff & Students
- Enhancing a feeling of belonging among students
- Self-confident, bold & an active, enthused student community
- Better attendance, lesser dropouts and good psychological health of students
- Confident Parents
- Improved Performance

Summary of the Meeting: -

- The students were also encouraged to participate in mentor-mentee group discussions on the on alternate Saturday between 9 am to 10 am and were also made comfortable to freely communicate with the mentor as personal guide.
- Students were enquired about their research presentation, how to do? Personal advice?
- There were no issues related to academic or non-academic, brought up by students during the meeting.
- Students were asked to tell about their previous institution where they studied, Prizes or Awards received, Extra Curricular Talent, Special Interest and Hobbies of the Students were asked them express and it was appreciated and motivated.
- Individual Problem:- Some students were feeling tense and having fear related to the Final -
- Examination and their performance. Individually they discussed their problem with me.

- Motivation and guidance are given to them. Discussed time management and how to prepare for exams.
- Motivation and Psychology Support are given to the students.
- Smell of algae in found in water was reported
- They have demanded for transport during emergencies
- A case of stealing some things was reported from their rooms (case was discussed with the principal and other in charge faculty members)
- The class was asked to counsel which will surely be done.
- They also want some canteen quick services
- There was no issue related to academics rather than how to attempt the answers in exam
- Water cooler cleaning is required.
- Time management during examination.
- How to make Time table for self study during preparatory leave.

Note: individual students record are maintained for the mentor mentee session for the further refrence.

Session Processed –Today, BS.c nursing 2nd year students were participated in a mentor-mentee session. There were a total of 20 students. I had given an overview of the session, including the goal and purpose of the mentor and mentee session. I introduced myself and explained the situation to the students. I encouraged the pupils to look at their academic and personnel difficulties. The majority of students are more motivated and enthusiastic about their studies, and they are studying and working hard toward their final examinations, but only a few students have encountered certain difficulties that I have listed below.

-Having stress about their final exams

- One students having difficulty in MSN subjects

Rectification – I have explained the effective ways of doing study and asked them to make study schedule. I advised on following points

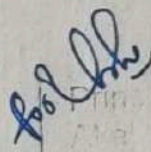

1. Adopt good study habits
2. Stay away from phone and other distracters
3. Take a break and take care of yourself
4. Organize important study notes and ask yourself as question you read.
5. Review all important topic again once you have studied
6. Understand your best learning style
7. Make study time a part of your daily routine
8. Study one subject at a time instead of multitasking
9. Stay organized with a study schedule

One students has suffering from MSN . I have this student to concerned subject teacher .

D. AWARDS/PRIZES

- In Hand ball match in university → 3rd Position (Bronze Medal) (2nd Sem)
- In Volly ball match in University → 1st Position (Gold Medal) (2nd Sem)
- In Basketball match in University → 1st Position (Gold Medal) (2nd Sem)
- Awarded for Handball state championship in Kullu (HP) Senior (2nd sem)

E. PARTICIPATION IN NCC/NSS/EXTRA CURRICULAR ACTIVITIES

Activity	Date	Achievement
1. State Championship of Hand ball in Kullu	5-7 April 2019	Participating (State level) (2 nd sem)
2. Dance Group Natti Competition in (NCC) Camp for 'B' Certificate	17 June 2019	2 nd Position (Silver Medal) (2 nd sem)
3. Participating in the 1 st August in College Basu Sahib, Sirmor	15 August 2019	Participating (NCC) Chitling (3 rd Sem)
4. Handball Match in University	19 Dec 2018	3 rd Position (2 nd sem)

5. Internship Training of 15 days (International) on "Ad- vances in Aquaculture & skill development for reshaping the future of Indian Aquaculture" organised by AEFWS & Just Agriculture.
6. International webinar organised by Plantgenomics "on Advan in chickpea improvement & impact varieties on chickpea production" 08 July 2021.

INSTRUCTIONS

1. This book/manual will be in the custody of the advisor
2. It will be the responsibility of the advisor to see that all the required items of information are kept upto date in the book
3. Information in col B, C, D, E, I shall be completed/filled in by the student; whereas col A, F, G, H shall be completed by the advisor concerned.
4. Advisory attendance be taken in each tutorial class/meeting in the proforma given in this manual
5. The student will be provided the book for signature of her parents at the end of each semester. If the book is not returned by the student to her advisor, duplicate book will be issued after payment of book price plus Rs 100 as fine. However, the advisor will also maintain all the advisory record in book issued to him/her.
6. The Dean can ask for the book at any time
7. The advisor will submit the Advisement Book to the Dean's office immediately on the completion or leaving the programme by the student.

Title of Thesis: Nitrogen Fixing Endophytic Microbes from Cereal Crops and their Biotechnological Applications

Research Work Carried out in the present Semester

- Plant samples from cereal crops (wheat, oat and barley) were collected from Baru sahib, Sirmaur, Himachal Pradesh, India.
- A total of 237 endophytic microbes have been isolated using thirteen different selective and complex growth media.
- Isolated microbes have been characterized for their morphological characteristic.
- All isolates have been screened for plant growth promoting attributes (solubilization of phosphorus, potassium and zinc; production of ammonia, siderophores, hydrogen cyanide and indole acetic acid).

Research Work to be carried out in the next semester

- Characterization of microbes for nitrogen fixation attributes
- Molecular characterization of selected endophytic microbes

Semester: II

Major subject: Biotechnology

Title of the thesis: Nitrogen Fixing Endophytic Microbes from Cereal Crops and their Biotechnological Applications

Research work carried out in the II- semester

1. Sampling have been done for isolation of endophytic microbes from cereal crops growing at Baru Sahib
2. Enumerations and isolation of endophytic microbes have been done using different growth media.
3. All the isolated putative endophytic microbes have been purified and preserved for future use
4. Isolated microbes have been characterized morphologically as well as and culturally.

Title of Thesis **Development of microbial consortium as bioinoculants for crop growing in hilly regions of Himachal Pradesh.**
Research work carried out in the present semester

- In the present semester, three different crops (Forktail millet, Finger millet and Pearl millet) were used to test growth and crop yield under controlled and natural conditions. Three microbial consortium were tested for all three crops
- Growth and physiological parameters were analysed
- Eighty eight new bacteria were also screened for solubilizing P, K, Zn; production of siderophore, enzymes (Amylase, protease, pectinase, cellulase) for future new development of microbial consortium.

PTO

Postgraduate form-1

Work to be carried out in the next semester

Evaluation of microbial consortium for growth and crop yield of crops growing in summer season. Growth and physiological parameters will be analyzed.

6.	Purnima	BS21BFT008	B.Tech. Food Technology	4 th Sem	<i>Purnima</i>

The mentoring session was held on 10 th Feb. 2023.		
Agenda	:	Discussion/Outcomes
Status of Course allotment	:	Mentees were satisfied with the on-time course allotment.
Status of Registration	:	All the mentees did their registration for the next semester
Status of Overall health	:	The health of all the mentees was good; the concern was the high chlorine in the water.
Utilization of library resources	:	The students suggested some books for the library and are utilizing the library resources.
Food Related issues	:	All the mentees were satisfied with the facilities.

(Dr. Tajendra Pal Singh)

2.	Harman Kaur	BS21BFT002	B.Tech. Food Technology	4 th Sem	<i>H Kaur.</i>
3.	Shambhavi Sharma	BS21BFT003	B.Tech. Food Technology	4 th Sem	<i>Shambhavi</i>
4.	Anjali Yadav	BS21BFT004	B.Tech. Food Technology	4 th Sem	<i>Anjali</i>
5.	Arihanta Walia	BS21BFT007	B.Tech. Food Technology	4 th Sem	<i>Arihanta</i>
6.	Purnima	BS21BFT008	B.Tech. Food Technology	4 th Sem	<i>Purnima</i>

The mentoring session was held on 11th March, 2023.		
Agenda	:	Discussion/Outcomes
Status of Course allotment	:	Mentees were satisfied with the on-time course allotment.
Status of Overall health	:	The health of all the mentees was good; the concern was the high chlorine in the water.
Utilization of library resources	:	The students suggested some books for the library and are utilizing the library resources.
Food Related issues	:	All the mentees were satisfied with the facilities.

(Dr. Tajendra Pal Singh)

**Monthly Mentoring Report
(April, 2023)**

Name of Mentor: **Dr. Tajendra Pal Singh**

Designation: Assistant Professor

Department and College: Food Technology, DKSG ACA

1	A security ensemble framework for securing the file in cloud computing environments	“Multi-Layer Information Security Framework for Software –as –a-service Platform-as –a –Service and Infrastructure-as-a-Service of Cloud Computing Model” International Journal of Emerging Trends in Engineering Research Emerging Trends in Engineering Research, Vol 8(10) October 2020 ISSN 2347-3983	•Attend one-week TEQIP-III sponsored industry-led Master Class on “Data Science and its Applications	•Cloud Computing Security •Network Security •Computer programming using C++ •Principal of Programming •Programming in C++
2	Quantum key distribution and cryptography mechanisms for cloud data security.			
	A novel quantum encryption and authentication framework integrated with IoT			
4	"Hybrid encryption framework for securing big data storage in multi-cloud environment			
5	Secure sharing of secret key on insecure channel using Quantum key distribution.			

Postgraduate form-1

Title of Thesis: *Design and Development of Information Security Framework for Software as a Service and Platform as service of Cloud Computing Model*

Research Work Carried out in the Present Semester

- Write Chapter four Result and Discussion
- Implementation of Quantum Key Distribution
- Analysis security framework
- Creations of tables and graphs
- Finalizing Chapter 1 and 2
- Checking of Chpater3 Materials and Methods
- Paper Submitted to publish in IEEE Journal Titled Comprehensive Information Security framework for Authentication of User in Cloud computing using Quantum Key Distribution
- Give presentation in department on the conclusion of Books and research paper studied

Research work to be carried out in next Semester

- Thesis write-up
- Testing the system
- Evaluation of Result
- Connection of system
- Analyzing the system paper writing

3	“Controlling data in the cloud,			
4	Attribute based data sharing Scheme revisited in cloud computing.			
5	Cost effective secure E-health cloud system using identity based cryptographic techniques.			
6	Full quantum one-way function for quantum cryptography			

Title of Thesis: *Design and Development of Information Security Framework for Software as a Service and Platform as service of Cloud Computing Model*

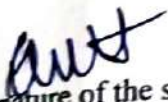

Postgraduate form-1

Research Work Carried out in the Present Semester

- Write a chapter Materials and Methods
- Evaluation of the proposed Information Security Framework
- Analysis of the Result
- Studied Huffman Code and done coding
- Implementation of Secret Key Sharing
- Write up for Chapter three Materials and Methods
- Testing of the system
- Dataset feeding in the system
- Test system of various parameter
- Give presentation on the paper studied and work done

Research work to be carried out in next Semester

- Thesis write-up
- Testing the system
- Evaluation of Result
- Connection of system
- Analyzing the system paper writing

1	Resource allocation in optical networks secured by quantum key distribution."	nil	Attend Short Term Course On 4G and 5G Through ICT from NITTR Chandigarh	<ul style="list-style-type: none"> •Linux Programming •Innovation and Invention in Computing •Web programming using HTML •Agri-informatics •Computer Applications
2	Attribute-based data sharing scheme revisited in cloud computing.	nil	•Attend Faculty Development program on Human Values at Eternal University, Baru Sahib	
3	Implementation of quantum secret sharing and quantum binary voting protocol in the IBM quantum computer.			
4	Multi-layer Authentication and Key Agreement Protocol for Secured Data Transmission in Cloud-RAN			
5	Multi-Layer Token Based Authentication Through Honey Password in Fog Computing.			

Title of Thesis: *Design and Development of Information Security Framework for Software as a Service and Platform as service of Cloud Computing Model*
 Research Work Carried out in the Present Semester

Postgraduate form-1

- Studied different implementation techniques
- Design of Framework and working model
- Study of Netbeans tools
- Installation of Xamp Server
- Creating Database in SQL
- Write Research paper Cloud Computing Development model
- Research Paper Communicated for Publications in International Journal of Computer Science & Communication) by Krishan Dutt, Pardeep Singh Cheema and Dashmesh Singh
- Give presentation on the conclusion and analysis of paper and book studied

Research work to be carried out in next Semester

- Creation of User account
- Coding and Design of Proposed framework
- Setting of cloud environment for experiment
- Dataset preparation for Experiment

graduate form-1

Research Work Carried out in the Present Semester

- External Comprehensive Viva
- Cloud Developed cloud computing environment
- Final presentation at department level
- Start working on problem formulation and defining objectives in details
- Write a research paper on security
- Setup Digital Resource Center at Baru Sahib
- Survey is conducted at Matal Bhakog to setup DRC
- Give presentation at department on the conclusion and analysis of paper studied

Research Work Carried out in the Present Semester

- To working on thesis Introduction
- To study the different aspect of cloud computing security
- To study different tools and requirements for the design and development of framework
