**Subject: Submission for Approval of Minor Changes in the Curriculum of B.Ed. in the Academic Council Meeting**

Respected Sir

With reverence, the curriculum of B.Ed. with minor changes has been submitted after incorporating suggestions given by BoS members and external experts through mails which are attached for kind consideration.

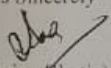

There is an increase demand from the students to study teaching of Commerce and Economics at B.Ed. Level especially the students who did Bachelor of Commerce (B.Com). Furthermore, the colleges and Universities across India have already incorporated the teaching of Commerce and Economics in their B.Ed. Curriculum.

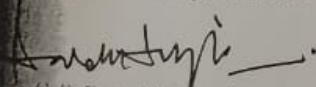

In short, the inclusion of teaching of Commerce and Economics in the curriculum of B.Ed. is crucial for catering to the demand of students, providing specialized education for those from Commerce and Economics backgrounds, aligning with the practices of other Universities across India and at the same time it enhances admission status of the college. This step will ultimately enhance the quality and relevance of education for aspiring teachers in these fields.

The amended curriculum of B.Ed. is enclosed herewith for kind consideration and approval. w.e.f (2023-24)

Thanking You

Yours Sincerely

  
(Dr. Raino Bhatia)

Proceedings of BoS meeting of Akal College of Education held on 7<sup>th</sup> August, 2023 at 4.00PM . The following members were present in the meeting:

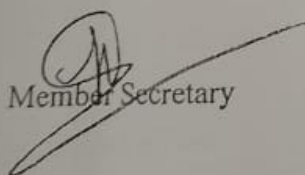

1. Dr Neelam Kaur
2. Dr Raino Bhatia
3. Dr Jasvir Kaur

Dean, Akal College of Education  
Principal, ACE  
Faculty, ACE

The Agenda of the Meeting was to discuss minor changes in the curriculum of B.Ed. The demand of Teaching of Commerce and Teaching of Economics have been increased because the students from Commerce background wants to opt for Teaching of Commerce and Teaching of Economics instead of Teaching of Social Science. Even the colleges and Universities across India have already incorporated the teaching of Commerce and Economics in their B.Ed. Curriculum.

The college wants to incorporate Teaching of Commerce and Teaching of Economics in response to the demand of students, providing specialized education for those from Commerce and Economics backgrounds, aligning with the practices of other Universities across India and at the same time enhancing admission status of the college by admitting B.Com students. This step will ultimately enhance the quality and relevance of education for aspiring teachers in these fields.

All the members of the house agreed with the agenda after analyzing the importance of the agenda. The meeting ended with vote of thanks.

To know that your prestigious institute has decided to introduce  
Teaching of Commerce and Economics in the curriculum of B.Ed. This is indeed a highly appreciable step and will definitely be very  
beneficial for prospective teachers.  
I am sure this will add value to your academic endeavour.

Regards  
Raina
