FOUNDERS VISION

Sant Attar Singh Ji
(1866-1927)

Sant Teja Singh Ji
(1877-1965)

Shiromani Panth Rattan,
Himachal Gaurav Padmashri
Baba Iqbal Singh Ji (1926-2022)

The great visionaries had a vision that modern scientific education alone will not serve the humanity well, until and unless it is amalgamated with Brahm Vidya (Spiritual Education). They have served the society in multifarious ways for the upliftment of rural masses especially the women.

The Mission
To Establish Permanent Peace in the World through Value Based Scientific Education, Spiritual Rejuvenation and Women Empowerment

MESSAGE FROM CHANCELLOR

I am pleased to present the Annual Report 2024-25 for Eternal University, Baru Sahib. This University is the visual manifestation of the divine vision of Sant Attar Singh Ji, who had envisioned 100 years ago of this seat of higher learning. The vision statement enunciated by the divine master ten decades ago, objectified creation of outstanding human beings who could spread the message of love and spiritual brotherhood not only in this country, but the entire world. Sanskar Nirman is the Mantra which the founding fathers had proposed to be the foundation on which the educational edifice of this institution was to rest. This women's university is ensconced in the captivating Divine Baru Valley with deep woods and fresh water springs making the ambience conducive for spiritual rejuvenation.

The University is providing comprehensive, multifaceted, inter disciplinary, world class education to young girls with its dedicated, involved and committed faculty & staff. It is playing a vital role in the socio-economic growth of Himachal Pradesh state in particular and nation as a whole. University has done satisfactory academic work with an objective to improve in future through strengthening its infrastructure, faculty and adding new cutting-edge technology programs for the benefit of society.

.Best Wishes

Dr. Davinder Singh
Chancellor

MESSAGE FROM VICE CHANCELLOR

It is my pleasure to present the Annual Report of Eternal University, Baru Sahib for the academic year 2024-2025. As the Vice-Chancellor, I am honoured to lead a distinguished institution that is committed to academic excellence, research, and societal service. Eternal University, being an exclusively women university, provides a safe and nurturing educational environment that fosters both academic and spiritual development. Our university offers a unique, peaceful, and pollution-free atmosphere, following the modern Gurukul system to ensure the holistic development of students.

The Eternal University offers 72 academic programs ranging from undergraduate to Ph.D. levels in diverse disciplines, including Basic Sciences, Agriculture, Food Technology, Biotechnology, Engineering and Technology, Economics, Commerce and Management, Education, Literature, Psychology, Nursing and Public Health, Agriculture, Horticulture, and Divine Music. These programs are delivered through our seven constituent colleges, ensuring quality education and research.

Our highly qualified and experienced faculty is dedicated to providing a transformative learning experience, preparing students to excel in an ever-evolving world. We follow a comprehensive Outcome-Based Education (OBE) curriculum, in alignment with the NEP-2020. With state-of-the-art infrastructure, modern laboratories, and a technology-driven learning environment, we encourage innovation, critical thinking, and interdisciplinary research.

The Annual Report is a reflection of the remarkable progress, achievements, and contributions made by students, faculty, visiting faculty and staff throughout the year. I extend my sincere gratitude to all Eternal University family for their active participation and unwavering support in making this report.

A special acknowledgment goes to the Annual Report Compilation Committee, including Dr. Surjan Singh, Registrar (Officiating), Sh. Amar Singh, Office Superintendent, Sh. Ashok Kumar, Office Superintendent and Manorma Devi, Office Assistant for their dedication, meticulous efforts, and editorial excellence in compiling and presenting this report in its final form. I am confident that Eternal University will continue to reach new heights in education, research, and innovation, shaping future leaders and contributing to societal transformation.

With Best Wishes

Prof. Jaswinder Singh

Vice Chancellor

MESSAGE FROM REGISTRAR (OFFICIATING)

Education is a tool that focuses on character building, propagation of moral values, and nurturing an environment of ethical growth. The spiritual aspect helps students to grow beyond material pursuits, fostering inner peace and global consciousness. A study finds that spirituality in education can increase and stimulate awareness, foster creativity and imagination, connect someone with purpose & meaning and facilitate relations with God. Therefore, a blend of moral and spiritual education paves the way for holistic development. Students become better individuals, equipped with virtues of respect, tolerance, and understanding. They develop emotional resilience and a sense of unity that extends beyond the confines of classrooms.

It is with this mission of His Excellence & Holly Sant Baba Iqbal Singh Ji, the former & founder Chancellor; the Eternal University is currently imparting education in 19 Under Graduate, 30 Post Graduate (Master Degree), 22 Ph. D. programs and 2 in Certificate Courses such as Mental Health & Substance Abuse, Geriatric Care Assistant. The students across states of India and from abroad are preferring this University for their holistic development and spread the message of peace in the place of their future service.

With Best Wishes

Dr. Surjan Singh

Registrar (Officiating)

EXECUTIVE SUMMARY

In the Academic Year 2024-25, the Eternal university provided education in 73 UG, PG & Ph .D degree Programmes in the field of Basic Sciences, Engineering and Technology, Economics, Commerce & Management, Nursing, Public Health, Agriculture, Biotechnology, Food Technology, Divine Music and Education with value-based education. As many as 503 new students were admitted during the year and total strength of students stood at 1102 and 324 students declared pass out for their degrees in 43 disciplines. During the year under report as many as 104 students got placements and 118 opted for higher studies. 30 new faculty/staff recruitments were made. The university also executed 04 research projects got funded from various State and Central agencies. The faculty published 230 research papers in reputed refereed journals, 10 edited books and as many as 116 chapters in books were also published from reputed publishers. University organized 24 conferences/seminars/workshops/webinars, health camps, etc. & conducted 10 exposure visits for students. The university also made an investment of Rs 4.30 lakh in strengthening the laboratory equipment. The Kalgidhar Trust (sponsoring body of the University) provided financial concession to 722 students amounting to Rs 3.405 crores.

1	Year of formation of university	2009
2	Number of colleges	07
3	Number of degree programmes Undergraduate Postgraduate Doctorate Certificate Course	73 19 30 22 02
4	Faculty strength	116
5	Staff strength	29
6	Students' strength	1102
7	New admissions	503
8	Degrees awarded	222 (UG=167, Masters=54, Ph. D =01)
9	Placements	104
10	Important days & activities celebration	15
11	Projects on going	04 for Rs. 66 lakhs
12	Projects submitted (No. & amount)	06 for Rs. 95.40 lakhs
13	Projects got sanctioned (No. & amount)	03 for Rs. 41.00 lakhs
14	Projects concluded	01 for Rs. 8 lakhs
15	Publications (No.) Books/edited books Chapter in edited books Research Papers & Popular	10 116 230
16	Workshops/seminars/conferences/lectures	24
17	Exposure visits organized for students	17
18	Patents filed/published/registered	07
19	Outstanding awards	01
20	Investment made on lab equipment	Rs. 101.07 lakhs
21	Financial Assistance provided by KTS	To 722 Students for Rs 3.405 crores
22	National scholarship status	To 64 Students Rs 49.25 lakhs

JOURNEY OF ETERNAL UNIVERSITY

The Eternal University came into existence with the visionary grace of His Holiness Shiromani Panth- Padmashri- Himachal Gaurav, Hon'ble Baba Iqbal Singh Ji, former Director Agriculture, Himachal Pradesh, President Kalgidhar Trust and founder Chancellor of the Eternal University. According to him *“Modern scientific education alone will not serve the humanity well, until and unless it is amalgamated with spiritual education”*. He has effectively translated the vision of great Sant Baba Attar Singh Ji (Mastuana wale), Sant Teja Singh Ji and Sant Baba Iqbal Singh Ji by establishing the first Akal Academy in 1986 at Baru Sahib. Later, it spread to a network of 130 CBSE affiliated Akal Academies over six states and two Universities to impart value-based education from nursery to Ph.D. As part of the vision, prophesy and prayers of the visionary Saints, the Eternal University was established under the Himachal Pradesh Government Act No. 3 of 2009 which has been recognized by UGC, AICTE, INC, NCTE, ICAR, NAAC. The graduates of this unique education system are not only outstanding in academics, but also carry high moral values. They have love for humanity, compassion for the weak and the poor and sense of selfless service for the community.

The lush green and pollution free campus surrounded by sprawling hills in Himachal Pradesh is fully residential for faculty and students with all the facilities for comfortable living, excellent academic career pursuit and participation in co- curricular and spiritual activities for their holistic development. It has now been transformed and recognized as a modern Gurukul exclusively for girls' education. The Eternal University has been regularly organizing conferences, symposia, seminars, workshops at national and international levels, Kisan Melas, annual sports meet, national and international days, faculty development and creating opportunities for student's awareness with the latest developments in the areas of their interest and confidence to share their knowledge with other faculty, students and stake holders. Occasionally invited guest lectures are arranged on recent topics for the benefit of students and faculty. For the people of Sirmour, one of the most backward districts of Himachal Pradesh, the establishment of Eternal University, Baru Sahib is a boon with many hopes as well as expectations for addressing their problems related to education, health, nutrition, commercial farming, skill development and employment etc. for their inclusive development. After its establishment in the year 2009, with a mission and mandate of value-based education and women empowerment, the university has demonstrated its commitment to society through great impact in teaching, research and transfer of technology. It is continuously looking forward to set new dimensions in the research area of agriculture, food technology, biotechnology, public health, basic sciences, renewable energy and social sciences with teams of world class scientists and external funding support from different funding agencies of Government of India and Himachal Pradesh. The Eternal University has the following seven constituent colleges:

1. **Dr. Khem Singh Gill Akal College of Agriculture**
2. **Akal College of Arts and Social Sciences**
3. **Akal College of Basic Sciences**
4. **Akal College of Economics, Commerce and Management**
5. **Akal College of Education**
6. **Akal College of Engineering and Technology**
7. **Akal College of Health and Allied Sciences**

The Departments of various Colleges are well equipped with latest technological infrastructure for imparting education through offline and online mode. Students are taken to educational tours, farmer's fields, regulated markets, excursion and industrial visits. Extension activities within and outside the university through training camps, field days and awareness campaigns are performed for the benefits of rural people.

Besides, villages of eight Panchayats in district Sirmour have been adopted by the University for their Holistic Growth through awareness campaigns, conducting workshops on hygiene & healthcare, modern agriculture technology, women empowerment, quizzes and sports for rural students, etc. The library, computer center, gymnasium, Wi-Fi, bank, ATM, post office, courier service, cafeteria (Apple a-day), and other units for personality development of students such as NCC & NSS have been set up in the campus. Alumni of the University are well placed in reputed MNCs, public and private undertakings, defense as well as higher education in India and abroad. Research scholars of the university have been publishing high quality research work in peer reviewed national and international journals. The University's activities are performed under the guidance and supervision of Director Higher Education and PERC of HP.

UNIVERSITY DECISION MAKING BODIES

The main decision-making bodies of the University as follows:

1. **The Governing Body (GB)**
2. **Board of Management (BoM)**
3. **Academic Council (AC)**
4. **Finance Committee (FC)**
5. **Planning Board (PB)**

The constitution of these and other important committees and cells during the year under report is given followed by information on officers of the university as under:

IMPORTANT DAYS CELEBRATIONS

(1) Independence Day

Independence Day is celebrated annually on 15th August in India to commemorate independence and pay tribute to freedom fighters who fought till death in achieving freedom for the country. Keeping this in view, Eternal University, Baru Sahib celebrated 78th Independence Day on 15th August, 2024 in the University campus. Hon'ble Chancellor, Dr. Davinder Singh Ji was Chief Guest of the Day. Chief Guest was greeted with salute by security staff. Thereafter, he hoisted the National Flag near the university premises. While hoisting the flag, students, faculty and other staff members of seven colleges, followed the protocol for singing the national anthem. Everyone celebrated this day by keeping in view the theme for India's 77th Independence Day "**Developed India**" and different activities were performed for paying tribute to the freedom fighters.

(2) Republic Day

India's Republic Day is celebrated on 26th January every year. The day marked India's transition from a dominion to a republic because constitution of India was implemented on this day for the first time to run the country. Keeping in view the importance of this day, Eternal University, Baru Sahib, celebrated 76th republic day on 26th January, 2025 in the University campus. Vice Chancellor, Dr. Jaswinder Singh ji was Chief Guest of the Day. Republic Day was celebrated by giving salute and hoisting the national flag by Chief Guest, followed by patriotic songs. During flag hoisting ceremony the students, faculty members and other staff members followed the protocol for singing the National Anthem.

(3) Yoga Day

The 9th International Yoga Day was celebrated by Eternal University on 21st June, 2025 in the Open Theater of Akal Academy, Baru Sahib. The Hon'ble Vice Chancellor, Dean Academic Affairs, Registrar graced this occasion. The Yoga exercises were performed by the Hon'ble Vice Chancellor along with faculty members and about 250 students. Hon'ble Vice Chancellor, Dr. Jaswinder Singh ji motivated the faculty and students for doing yoga in truth spirit and sense. He emphasized and encouraged to practice yoga and meditation on a regular basis to keep oneself healthy. Yoga is a practice which plays an important role in relaxing the mind and body and boosts the immune system of person. The wonderful session of yoga was ended with relaxation exercise.

(4) Fresher's Welcome

Every student eagerly looks right from their time of admission for their remarkable event of college "Freshers' Party. The Fresher day celebrated during 2024 at Eternal University to make their new phase of life memorable and filled with excitement, joy, music, enthusiasm, laughter and happiness. It is day where senior and junior finally bond and unite to celebrate being part of the college. Students of First Year were welcomed by the seniors by Ribbon cutting in the Auditorium of the University. Different cultural activities were performed. The celebration concluded with the fresher students receiving titles such as Miss Fresher, Miss Eve, Miss Versatile etc. based on the talents.

(5) NCC Training Camps

The NCC is optional for the students of the undergraduate programs. Every enrolled student in NCC, required undergoes three years training during Bachelors Degree program. An annual NCC training camp was held in June, 2024 for senior wing at Dr. YS Parmar University of Horticulture & Forestry, Solan by the IHP Girls Battalion NCC under the aegis of NCC Group Headquarters Shimla. About 600 girl cadets of various colleges of Himachal Pradesh attended that camp. The aim of camp was to impart multidisciplinary training including Drills, Weapon training, Map reading, Field craft, Battle craft, Physical fitness, Sports activities, Yoga, Social service and Community Development to the cadets for talent and holistic development. The cadets also benefitted by understanding time management, self-discipline and selfless service to the nation and leadership traits. As part of achievement 24 Cadets were awarded “B” and 30 others “C” certificates.

(6) Farewell Function

The auditorium of Eternal University echoed with the blessings on the morning of 03 June, 2024, when students of Eternal University came together to bid farewell to the outgoing students. The day was a fiesta devoted to the years spent together with friends and teachers to reminisce joyous moments. Hence juniors expressed their appreciation and wished their seniors well on their future endeavors & seniors were welcomed by stage organized with a promise for making a day memorable. The celebration started by cake cutting, after that, students performed various activities like singing, dancing, motivational speeches, games etc.

(7) Annual Sports Meet

Eternal University organized the 9th Annual Sports Day on 03.04.2025. The programme was graced by Hon'ble Vice Chancellor, Dr. Jaswinder Singh, Dean Academics, Dean Student Welfare and Dean ACEC&M, faculty members and more than 600 students. All the students and faculty members of seven colleges participated with the enthusiasm and spirit. Different games such as volleyball, basket ball, foot ball, badminton, chess, shot put, long jump, 100,200,400,800 meter races & relay race, diu were played during the event. In this event separate race was arranged for the men and women faculty and staff. All the participants put their best efforts and played with joy and courage. At the end prize distribution Ceremony was organized for the winner.

(8) NSS Activities

During the year 2024-25 different activities were conducted under the guidance of designated officials. One week camp was also organized at Eternal University Baru Sahib. During these seven days different interactive sessions were conducted by the experts who motivated the volunteers to work for the society by keeping oneself fit, attentive and aware.

(9) World AIDS Day

On December 1, 2024, Akal College of Nursing, Eternal University, in collaboration with the Medical-Surgical and Obstetric & Gynecological Nursing Departments, organized an impactful World AIDS Day event in Shimla, Himachal Pradesh. Themed “Take the Rights Path: My Health, My Right!” the event

aimed to promote health rights, raise awareness about HIV/AIDS prevention, and combat stigma. The event featured a rally from CTO Chowk to Sher-e-Punjab and a Nukkad Natak (Street Play) at Sher-e-Punjab. The rally emphasized the importance of access to HIV/AIDS care and health rights, while the street play highlighted themes of early diagnosis, treatment access, and legal protections for individuals living with HIV/AIDS. Effective coordination with local law enforcement ensured smooth crowd management and public safety.

The initiative successfully engaged the community, raising awareness about the critical need for health rights and HIV prevention. Positive feedback from participants and local authorities underscored the event's success. Led by faculty members Ms. Manjinder Kaur, Ms. Divya, Ms. Diksha, Ms. Neha, Ms. Ranjana, Ms. Richa, and Ms. Bhavya guided by Dr. Priyanka Chaudhary, the team's dedication left a meaningful impact on the Shimla community. This initiative reflects Akal College of Nursing's commitment to public health advocacy and education.

OTHER ACADEMIC ACTIVITIES

(1) 107th Free Medical & Surgical Camp

The 107th Free Medical & Surgical Camp, held on October 18–19, 2024, was conducted successfully under the blessings of Saints and the esteemed guidance of Honourable Chancellor Baba Dr. Davinder Singh Ji. This camp marked another milestone in the journey of serving humanity, offering healthcare services across specialties such as Medicine, Eye, ENT, Gynaecology, Dental, and Orthopaedics. A total of 667 patients were registered, with 656 attending the OPD and 11 surgeries performed, meeting critical health needs.

In addition to providing medical and surgical care, the camp extended free medicines, comfortable accommodation, and nutritious meals to all patients, ensuring holistic support. The event was further enriched by the presence of faculty from Drexel University, USA, who witnessed the operations of the camp, gaining insight into its compassionate approach to healthcare delivery.

This achievement was made possible through the dedicated efforts of healthcare teams from Jalandhar and Patiala, along with the committed faculty and students of Akal College of Nursing. We express

heartfelt gratitude to all volunteers, staff, and students of Akal College of Nursing for their unwavering commitment to seva (selfless service), reflecting the true spirit of care and compassion. Together, we continue to make a profound difference in the lives of those in need.

(2) Newborn Care Week Celebration

The Newborn Care Week 2024, organized by Eternal University, Departments of Child Health Nursing and Obstetrics & Gynaecology Nursing from Akal College of Nursing, emphasized the theme, "Safety, Quality, and Nurturing Care - Birth Right of Every Newborn," and was conducted from November 15th to 21st, 2024. This event aimed to raise awareness about essential newborn care practices, empower healthcare providers, and educate families to ensure the health and development of newborns. Key highlights included hands-on OSCE training sessions for nursing students on vital newborn care techniques such as thermal regulation, breastfeeding, neonatal resuscitation, infection prevention, and immunization counseling. Community engagement was significant, with awareness drives at Lana Meu Village educating families on maternal and newborn nutrition. Special education sessions for mothers at KNH, Shimla, covered exclusive breastfeeding, hygiene, and immunization schedules. A poster-making competition encouraged creative expressions on newborn care, while demonstrations emphasized affordable, nutritious diets for mothers and newborns.

(3) Empowering School Health: Bridging Innovation, Technology, and UN SDGs

School health program at Govt. Senior Secondary Schools, Bhanog & Ser Tendula, Rajgarh Dist. Sirmour Himachal Pradesh was organized in the November 2024. The initiative aimed to enhance student well-being by integrating innovative strategies and aligning with the UN Sustainable Development Goals (SDGs).

Health assessments were conducted for 300+ students to evaluate their physical and mental well-being. Awareness sessions covered personal hygiene, environmental sanitation, adolescent sexual and reproductive health, and body safety through "Good Touch and Bad Touch" workshops, equipping students with essential life skills. To enhance engagement, the program utilized technology, including digital presentations, videos, and visual aids, simplifying complex health concepts and fostering interactive learning. The event was facilitated by nursing students and faculty members. It successfully addressed key health issues, empowering students with knowledge to improve personal and environmental health while fostering safety and self-care. This program emphasized the value of collaborative, technology-driven health education in achieving SDGs. By empowering students with essential knowledge and skills, it contributed to building healthier, sustainable communities and underscored the importance of multidisciplinary efforts in school health.

(4) Household Health Care Service Visits - Community out Reach Activity

Akal College of Nursing and Akal Charitable Hospital are steadfast in their commitment to community service, providing comprehensive healthcare through continuous outreach initiatives in 18 adopted villages around Baru Sahib throughout the Academic Year August 2024 to July 2025. These efforts aim to enhance the well-being of the underserved population, addressing their diverse healthcare needs through personalized household visits, health camps, and tailored interventions.

Key services include maternal health care, newborn and under-five child care, adolescent health programs, and elderly care, ensuring attention to all life stages. School health programs and first aid training equip younger generations with the knowledge to lead healthier lives, while mass awareness campaigns and mental wellness initiatives address pressing community health concerns. Activities promoting cleanliness and hygiene under the Swachh Bharat Mission further enhance the impact of these programs.

Nursing students and the Department of Community Health Nursing play a pivotal role in these initiatives, providing care with dedication and efficiency. Their active engagement in planning and delivering these services fosters a practical learning environment while making a meaningful difference in the community. This integrated approach reflects Akal College of Nursing's mission to deliver compassionate care and promote health equity at the grassroots level.

(5) Free Medical & Surgical Camp

The 108th Free Multi-Specialty Medical & Surgical Camp was organized at Akal Charitable Hospital, Baru Sahib, on and April 18–19, 2025, with the blessings of the Saints and under the leadership of Dr. Neelam Kaur Ji. Over 692 received free consultations, medicines, and diagnostic services during the two-day camp. A total of 32 surgeries were successfully performed, including 24 major and 8 minor

procedures. The camp was supported by a team of specialist doctors from Jalandhar, alongside dedicated volunteers and coordinators from Akal College of Nursing and the Akal Centre for Public Health, reaffirming the institution's mission of Seva, Healing, and Hope for underserved communities.

(6) Kisan Mela

During the year 2025, 8th Kisan Mela was organized by Eternal University, Baru Sahib on 12th and 13th April, 2025 for the benefit of farming community of Sirmour district. In this Kisan Mela about 550 farmers participated in the event. The Kisan Mela was inaugurated on 12.04.2025 by Baba (Dr.) Davinder Singh Ji, Honourable Chancellor Eternal University and President Kalgidhar Trust, Baru Sahib. He encouraged farmers to actively seek solutions to farming-related issues by engaging with agricultural scientists and leveraging the resources of university. During the inaugural function, Smt. Krishna Devi wife of Mahender Singh was awarded with Padma Shri Sardar Jagjit Singh Hara Excellent Prograssive cum Innovative Farmer Award along with Gold Medal, Citation and cash prize of Rs. 10000/-. In this Kisan Mela 60 stalls were put up by different departments of DKSG Akal College of Agriculture and other constituent colleges of the Eternal University, private seed and agro chemical sale companies, developmental departments Government of Himachal Pradesh and self help groups. Hon'ble Chancellor encouraged the award winner progressive farmers and appealed to them for active participation in agriculture events organized by Eternal University and H.P government. Valedictory function was held on 13.04.2025 under the Chairmanship of Dr. Jaswinder Singh, Honourable Vice Chancellor. In his address, he urged everyone to collectively work towards advancing the vision of Baba

ETERNAL UNIVERSITY LIBRARY

Eternal University Central Library has also two departmental libraries; one situated in Akal College of Nursing and other in Akal College of Education is well connected with central library. Total collection is more than 45272 of books of national and international authors on the open shelves. The library subscribes 55 national and international print journals and magazines to keep the students abreast with latest developments around the globe. Library has also subscribed online journals of J-GATE portal and also has the member of Delnet (Major resource sharing network). Library has its own hightech computer internet lab with 50 computers connected with LAN and Wi-Fi facility is also available in the library for personal laptop users with electricity connectivity and separate seating arrangements. More than 300 CDs /DVDs of different subjects, Ph. D. thesis are available in the library. Library has a seating capacity for 260 readers, they studying in a very calm and quite environment. Automation of library is in the process of implementation through ERP. The library remains open from 8.00 a.m .to 8.00 p.m. On all the working days and 8.00 a.m. to 5.30 p.m. on holidays. During the year under report and investment of Rs 11.60 lakh on books & periodicals, Rs 0.76 lakh on national & international journals and Rs 1.67 lakh on digital resources was made by the central library.

INFORMATION TECHNOLOGY INFRASTRUCTURE

The University has 500 MBPS of bandwidth (Leased Line). There are 10 computer Labs, 39 Smart classrooms 2 Browsing center, 1 computer center and three offices operational. There are 435 computers and 21 printers in working order and provided to student, staff and faculty. In-house campus four reprographic machines and three scanners facility is available for staff and students. Day & night surveillance system is working in the institution with 10 days storage system. There were 110 CCTV cameras installed at the appropriate places. The university website is working with latest information related to academics, events, examination, admission, students' degree certificates and NAAC, NIRF, AISHE, etc. The University is in the advanced stage of implementation of ERP modules for the students MIS, Library, Admission, Payroll, I cards, etc. LMS system is in progress.

RESIDENT INSTRUCTIONS

DR. KHEM SINGH GILL AKAL COLLEGE OF AGRICULTURE

Dr. Khem Singh Gill Akal College of Agriculture (erstwhile Akal College of Agriculture) was established on 01/07/2014 as a constituent college of Eternal University, Baru Sahib with the basic objective of providing quality education at undergraduate and post graduate levels for girl students in the field of Agricultural Sciences. The primary aim of the college is to equip the students with the knowledge and practical oriented skills to address pressing global challenges such as climate resilient agriculture, soil health and pest management and sustainable food production. At present college is offering 02 undergraduate degree programmes i.e. B.Sc. (Hons.) Agriculture which is ICAR accredited and B. Tech. Food Technology, 12 post graduate programmes i.e. M.Sc. Ag. Agronomy, M.Sc. Horticulture (Vegetable Science), M.Sc. Horticulture (Fruit Science), M.Sc. Horticulture (Floriculture and Landscape Architecture), M.Sc. Ag. Plant Pathology, M.Sc. Ag. Genetics and Plant Breeding, M.Sc. Ag. Entomology, M.Sc. Molecular Biology & Biotechnology, M.Sc. Ag. Agricultural Extension Education, M.Sc. Ag. Soil Science, M. Tech. Food Technology and M.Sc. Food Science and Technology and 07 Ph.D. degree programmes i.e. Ph.D. Horticulture (Vegetable Science), Ph.D. Agronomy, Ph.D. Entomology, Ph.D. Molecular Biology & Biotechnology, Ph.D. Food Technology, Ph.D. Genetics and Plant Breeding and Ph.D. Plant Pathology.

The college has four Research Stations located at Kakhli, Machher, Chhapang and Machlog to cater the needs of M.Sc. / Ph.D. students' research trials and external funding agencies research projects. At Research Station Kakhli, crop cafeteria w.r.t. vegetable science, fruit science and floriculture have been established. Fields to students to carry out Rural Agricultural Work experience have been allotted. The M.Sc. students of Department of Agronomy, Plant Breeding and Genetics, Floriculture and Landscape Architecture and Fruit Science are conducting their field trials at this station. Department of Food Technology has been allotted the area to produce fodder for the cattle. A fruit orchard having about 437 plants has been established. Vermicompost unit has been established at this station to give the practical training to the students and farmers. The college has also established a dairy comprising 06 cows at this station.

The research activities pertaining to M.Sc. / Ph.D. students of Department of Genetics Plant Breeding and Biotechnology are being carried out at Research Station Machher. A Bee Keeping Unit having good numbers of beehives boxes has also been established at this station to meet the needs of practical training of B.Sc. (Hons.) Agriculture students and farmers training programme. A mushroom production unit where at present Oyster Mushroom is being cultivated has been established at this station as a training center for B.Sc. (Hons.) Agriculture students.

At Research Station Chhapang, research work is concentrated on protective cultivation of vegetable crops. M.Sc. Horticulture students of Department of Horticulture are conducting their trials at this station pertaining to Vegetable Science and Fruit Science. There are 04 poly houses at this station having a dimension of 25-meter length, 20-meter width and 15-meter height each. At Research Station Machlog,

germplasm of fruit crops pertaining to temperate and sub-tropical crops is being maintained. Production work of vegetable crops has also been started at this station. The college has developed elite plant breeding material pertaining to bio fortified wheat with high iron and zinc content in grain, improved bread making quality and maize lines with high quality protein having high lysine and tryptophan amino acids, functional foods such as fox tail millet, finger millet, buck wheat, amaranths, soybean, oats and barley. Production technology of tomato, capsicum and strawberry under protected conditions has been standardized.

The National Agricultural Education Accreditation Boards (NAEAB) in its 31st meeting held on 19/07/2022 has granted accreditation to B.Sc. (Hons.) Agriculture degree programme for a period of five years from 19/07/2022 to 18/07/2027 which was conveyed to this university vide letter no. Edn.1/35/2018-EQR dated 05/08/2022.

AKAL COLLEGE OF ARTS & SOCIAL SCIENCES

A. Department of Music

The objective of setting up this department was to adopt a holistic approach to imparting knowledge in the field of Music (both vocal and instrumental), following the Guru-Shishya-Parampara, the system in which

Indian traditional music was nurtured & thrived for centuries. The institute thus follows an integrated approach, by working towards not only academic learning along with professional skills development in Music but also towards harnessing a good value system. The Department of Music is that, it provides students an opportunity with a rare combination of learning Divine Music, along with ancient Indian string instruments like Rabab, Taaus, Dilruba, Taar- Shehnai, Sarod, Sitar, Sarangi, Saranda and Violin, that makes the students well groomed, more confident of one's abilities & is of immense help to them while seeking employment for teaching in the field of Music. Students from this Department regularly perform live with a variety of string instruments for Shabad-Kirtan presentation, at various National & International locations. Most of the students who have graduated from this department till date have been successfully placed at various institutions across the country.

B. Department of Psychology

Since its inception under the Akal College of Arts & Social Sciences at the Eternal University campus, the Department of Psychology has made significant contributions to the field through its unwavering commitment to excellence in both research and teaching. Recognized as a regional leader, the department maintains a multidimensional profile, striking a balance between pure and applied research to address diverse psychological domains. Its research encompasses a wide range of disciplines, including Educational Psychology, Clinical Psychology, Neuropsychology, Organizational Psychology, Abnormal Psychology, Cognitive Psychology, Counselling and Guidance Psychology, Sports Psychology, Positive Psychology, and Health Psychology. This broad research focus uniquely positions

the department in both academic and applied contexts. Dedicated to value-based quality learning, the department strives to enhance students' self-confidence and self-esteem, promote self-reliance and personal development, provide educational and psychological guidance, and encourage applied research in emerging areas of psychology. To achieve these goals, the department offers a variety of academic programs, including B.Sc. (Hons. with Research) Psychology, B.A. (Hons. with Research) Liberal Arts – Major/Minor in Psychology, and B.Sc. (Hons.). Psychology, M.Sc. Psychology, and a Ph. D. in Psychology. These programs are carefully designed to integrate theoretical knowledge with practical applications, preparing students to address contemporary societal challenges and diverse human experiences. At the master's level, the curriculum is spread across four semesters, offering students a wide range of courses to specialize in their chosen areas of interest. It maintains a balance between academic rigor and societal relevance by incorporating current debates and issues, with a strong foundation in theory and methodology through core courses, complemented by a range of electives that provide opportunities for specialization.

C. Department of Punjabi

In 2009, Punjabi was introduced at Eternal University, under the supervision of Dr. Rashpal Singh, who was assigned to teach the language as a volunteer from Akal Academy (Baru Sahib). Subsequently, Dr Sikander Singh commenced teaching Punjabi on July 16, 2011, and continued until August 7, 2013. During his tenure, Punjabi was established as a compulsory subject from the B.A. level onwards and was integrated into various departments at Eternal University. Following Dr Sikander Singh, Dr Sewak Singh joined the Punjabi Department on March 24, 2012, and served till December 31, 2016. He was succeeded by Dr Simranjit Singh, who began teaching on February 16, 2016, and introduced Punjabi Literature for the first time at the university. Consequently, Punjabi became a mandatory subject for students pursuing B.A. (Humanities), B.A.

(Music), B.A. (Psychology), B.Sc., Medical, and Non-Medical programs. In 2019, the university introduced an M.A. (Hons.) in Punjabi as a degree program. This was followed by the introduction of a Ph.D. in Punjabi, which led to the establishment of a dedicated Punjabi Department within Eternal University. During this period, an important aspect of the Akal College of Arts and Social Sciences (ACASS) is the Punjabi Department. The main goals of this department are to give advanced knowledge in Punjabi, the majority of students' mother tongue, and to instill in them an appreciation of culture and the arts. In order to help students better integrate into an ideal society, the department also places a heavy emphasis on developing their emotional intelligence via language and literature. Undergraduate students in the Humanities, Music, Psychology, and Science departments are among the various streams served by the department's lectures and seminars. Over the past five years, the department has also pursued postgraduate studies in Punjabi, earning an M.A. (Hons.). Since the previous five years, the department has also been given authorization to conduct Punjabi-language research for Ph.D. seats. In addition to having completed the NET examination and being UGC recognized, the faculty members of this department have expertise in their respective fields of study and teaching (e.g., literature, linguistics,

folk culture and folklore, etc.). Additionally, the department plans a variety of exercises and activities to help students become more self-assured and to broaden their knowledge and awareness of different cultures. Quiz competitions, declamation, and poetry writing and recital are some of these exercises. The Department now offers doctoral, postgraduate, and graduate programs.

D. Department of English

The Department of English, since its inception, has been playing a pivotal role in establishing itself as a tour de force in terms of learning and leading minds. The department has been equipped with sound sources and resources. It has skilled professors who are qualified in their respective domains to enhance the credentials of the department as well as the students. The department is not only contributing its services to Akal College of Arts & Social Sciences as an offshoot department, it is also rendering its services to other Colleges

/Departments of the university, like Agriculture, Commerce, Management, Basic Sciences, and Engineering. The department strives to carry forth intriguing research and has Doctoral students working in myriad areas. Separate academic activities are held in the department from time to time. Currently, the Department runs Graduate, Post-Graduate, and Doctoral Programs. It also has a Communication Lab, which provides the students with hands-on experience in linguistics and phonetics.

AKAL COLLEGE OF BASIC SCIENCES

The Akal College of Basic Sciences is at the forefront of promoting progressive education, research and innovation in the field of life sciences and physical sciences in alignment with Government of India push to strengthen and accelerate basic science research in the country. The College comprises the following six departments:

1. Department of Botany
2. Department of Chemistry & Biochemistry
3. Department of Mathematics
4. Department of Microbiology
5. Department of Physics
6. Department of Zoology

With an objective of attracting young talent to pursue higher education and research career in basic sciences, the College currently offers three undergraduate, six postgraduate and six doctoral programs across emerging disciplines encompassing Botany, Chemistry & Biochemistry, Mathematics, Microbiology, Physics and Zoology. All departments are equipped with ICT-enabled classrooms and world-class laboratories with excellent research infrastructure and advanced facilities. Additionally, a centralized learning management system and a comprehensive library support the teaching and research activities. In alignment with NEP-2020, Akal College of Basic Sciences is offering four-year undergraduate programmes viz. **B.Sc. (Hons. with Research) Life Sciences**, **B.Sc. (Hons. with Research) Microbiology** and **B.Sc. (Hons. with Research) Physical Sciences** from academic session

2024-25 as per Undergraduate Curriculum Framework (UGCF).

Students at Akal College of Basic Sciences are actively engaged in both basic and applied scientific research under the mentorship of committed and distinguished faculty members. The major research and extension thrust areas include biodiversity documentation and taxonomy, medicinal plants, plant taxonomy, surfactant chemistry, heterocyclic chemistry, mathematical modelling, heat and mass transfer, reliability theory, fractional differential equations, image processing, wavelet analysis, biological control, eco- friendly pest management, bio-fertilizers, antimicrobial resistance in bacteria, gastrointestinal helminths, biofuels, metagenomics, rhizosphere microbiology, microbial proteomics, materials science and nanotechnology and solar-based indigenous technologies.

AKAL COLLEGE OF ECONOMICS, COMMERCE & MANAGEMENT

The college began with the introduction of the B.Sc. (Hons.) Economics program under the School of Economics in 2009. In 2011, an MBA program was introduced within the same school. In 2014, a new Department of Commerce was created, and the Bachelor's degree in Commerce, B.Com. (Hons.), was introduced. Subsequently, in 2014, the Akal College of Economics, Commerce, and Management was established with the Departments of Economics, Commerce, and Management. At present, the college is fulfilling its triple mandate of teaching, research, and extension activities. Undergraduate and postgraduate students are being educated and trained in various specialized areas of economics, commerce, and management. These students go on to join prestigious research and development organizations/institutions, assuming roles as bank officers, technocrats, company managers, executives, etc., all with a commitment to serving society.

Akal College of Economics, Commerce, and Management offers undergraduate, postgraduate, and Ph.D. degree programs in the relevant disciplines. The college provides four-year degree programs, including BBA (Hons. with Research) and B.Com. (Hons. with Research). It also offers M.Sc. (Economics), M.Com. & MBA programs with specializations in Marketing, Finance, Human Resource Management, and Business Analytics. The study of economics offers a valuable opportunity to gain an edge in today's rapidly globalizing world. Globalization has raised several issues related to commerce and management, as well as broader concerns about administration and international mobility. The college's faculty members have active research interests, ensuring that the teaching is relevant and reflects the latest developments in the disciplines. Teaching at the college combines lectures, seminars, and workshops, aiming to enhance students' written and oral proficiency, their English communication skills, and their presentation abilities. The college's goal is to produce highly trained young professionals in economics, commerce, and management who are ready to take on responsibilities in managing industry, agri-business, finance, banking, insurance, business, and trade. The college has also undertaken numerous projects to study consumer behavior, measure employee satisfaction, examine the impact of health status on economic development, and explore the role of service sectors such as banking and insurance. Akal College of Economics, Commerce, and Management is committed to educating students

who will not only excel in their chosen careers but will also utilize their professional training and expertise to make a positive contribution to society at large.

AKAL COLLEGE OF EDUCATION

Under the aegis of the Eternal University, Akal College of Education is the premier institute exclusively for girl students who would like to excel and make their career in the field of education. Akal College of Education is approved by National Council for Teacher Education (NCTE) and affiliated to Eternal University. There are many innovative changes in the school education system in India bringing about radical changes in the pedagogy and approaches to primary and secondary education. We have adopted these practices in our schools at Baru Sahib and these provide unique, first hand and in depth learning environment not only for the students but also the budding teachers-particularly during their school internship. Many of them have qualified Central Teacher Eligibility (CTET) and Himachal Pradesh Teacher Eligibility Test (HPTET).

Our B.Ed. programme is very well supported by experienced and competent faculty, and well equipped library and various laboratories. We have four on campus schools-IB School (International Baccalaureate), Cambridge School, CBSE School and Akal Model School for hands on experience of our students in teaching skill development.

Our students got 100% campus placements in chain of 130 Akal Academies located in Punjab, Haryana, Rajasthan, Himachal Pradesh and Uttar Pradesh in session 2023-2025.

AKAL COLLEGE OF ENGINEERING & TECHNOLOGY

The **Akal College of Engineering & Technology** is a premier engineering college in northern India, established in 2007. Situated in the picturesque Baru Sahib valley of the Himalayas, the college was inaugurated by the late Virbhadra Singh, former Chief Minister of Himachal Pradesh.

The college is committed to providing excellent education through its continuously updated teaching methods, which incorporate the latest technological advancements and emphasize ethical responsibility. To achieve this, the college offers a range of programs in Computer Science & Engineering, including:

1. B.Tech. (CSE)
2. B.C.A (Hons. with Research) with specialization in AI-ML
3. B.C.A (Hons. with Research)
4. M.Tech. (CSE)
5. Ph.D. (CSE)

The curriculum is regularly updated to align with **AICTE guidelines**, and a strong emphasis is placed on practical, advanced technology training. This includes industrial visits and specialized certification programs designed to improve students' technical and communication skills, preparing them for successful careers both in India and internationally.

Additionally, the college's Computer Science & Engineering department regularly hosts national and international conferences, workshops, seminars, and training programs. These events provide opportunities for students and faculty to collaborate, exchange ideas, and stay current with industry trends.

The college's faculty are highly qualified, with many holding Ph.D.s from top universities. They are actively involved in research and dedicated to preparing students for their future careers. The college also benefits from a steady influx of visiting faculty, further enriching the learning environment.

SWAYAM, MOOCs, and NPTEL. This includes new courses in cutting-edge areas such as:

- Spatial Data Science
- Machine Learning
- Data Exploration and Pre-processing
- Supervised Learning
- Statistics with R
- Cyber Security
- Deep Learning
- Internet of Things (IoT)

Additionally, the department has launched a **Ph.D. program in CSE**. This program focuses on solving real- world problems through research in key areas like:

- Cloud Computing
- Sensor Networks
- Network Security
- Big Data
- Speech Recognition Systems (with a specific focus on English and Punjabi)
- Artificial Intelligence

AKAL COLLEGE OF HEALTH & ALLIED SCIENCES

Akal College of Health and Allied Sciences is an educational institution that oversees two departments: Department of Nursing as Akal College of Nursing and the Centre for Public Health and Hospital Administration. The college holds the distinction of being the first Nursing College in the state of Himachal Pradesh. It was established in 2008 by the 'Kalgidhar Trust' in the serene surroundings of 'Baru Sahib, a place known for its divine tranquility, situated in the northern part of Himachal Pradesh, near the Himalayas.

Akal College of Nursing introduced the B.Sc. Nursing course in 2008 and the M.Sc. Nursing course in 2014 and Ph.D Nursing in 2025. These courses are approved and affiliated by the Himachal Pradesh Nursing Registration Council (HPNRC) and the Indian Nursing Council (INC). The college admits 60+5

Bachelors of Nursing students annually, with an additional 5 students through the PM-SSS Scheme. For the Masters in nursing program, the college admits 25 nursing students each year. The Master's program offers specialization options, including Medical Surgical Nursing, Obstetric & Gynecological Nursing, Psychiatric Nursing, and Community Health Nursing. The college also offers super-specialties in Critical Care Nursing, Oncology Nursing, and Neurological Nursing. For Ph.D Nursing 4 students per year.

The Centre for Public Health and Hospital Administration, established in July 2012, offers in Public Health (MPH) with a yearly intake of 30 students. The MPH program provides further specializations such as Epidemiology, Program Policy and Planning, and Health Management. Additionally, the college introduced a Master's program in Health Care Administration in 2017 with an intake of 30 students. Notably, Akal College of Health and Allied Sciences took the lead in initiating a Ph.D. nursing program in 2021.

The institution actively organizes medical and surgical health camps in collaboration with Akal Charitable Hospital on a quarterly basis. These camps serve the dual purpose of providing clinical exposure to students and extending healthcare services to the community. Furthermore, students are given the opportunity to gain specialized clinical experience by being posted in various hospitals. The commitment of Akal College of Health and Allied Sciences to healthcare education and clinical experience highlights its dedication to preparing competent healthcare professionals who can make valuable contributions to the field of nursing and public health.

ONGOING RESEARCH PROJECTS (2024-25)

AKAL COLLEGE OF BASIC SCIENCES

Sr. No.	Title of project	Research team	Duration with date of start and ending date	Funding agency & budget in Lakh Rs	Progress made during the period
1	Fabrication of Solar Water Heater Utilizing Biodegradable Novel Insulation and Locally Available Materials for Hilly Climate	PI- Dr. Puneet Negi	2 Year (October 23, 2023- October 23, 2025) (0.20 Lakh)	Incubation and Entrepreneurship Cell, Eternal University Baru Sahib	Procurement of the Items
2	Design of Low Cost Spin Coating Machine for the Fabrication of Thin Films and Solar Cells	PI- Dr. Puneet Negi	2 Year (October 23, 2023- October 23, 2025) (0.20 Lakh)	Incubation and Entrepreneurship Cell, Eternal University Baru Sahib	Procurement of the Items

PATENTS FILED

DR. KHEM SINGH GILL AKAL COLLEGE OF AGRICULTURE

Sr. No.	Description of patent	Patent No.	Registering authority
1	Improved process for synthesis of copper nanoparticles	201911021700	The Patent Office, Government of India 04-12-2020/Granted 04-10-2024
2	Smart greenhouse disease monitoring apparatus with early warning system	454232-001	The Patent Office, Government of India

Sr. No.	Description of patent	Patent No.	Registering authority
3	High-Efficiency Vegetable Seeder with Automated Soil Depth Adjustment for Uniform Planting	467965001/216556	Controller General of Patents, Designs and Trademarks Department of Industrial Policy and Promotion Ministry of Commerce and Industry

AKAL COLLEGE OF BASIC SCIENCES

Sr. No.	Description of patent	Patent No.	Registering authority
1	Dr. Shikhar Verma, Dr. Mausmi Rastogi, and Dr. Naresh Kumar . Design registration for a Compact Fluorometric Device for Plant Pigment Quantification.	444177-001	The Patent Office, India (Designs Act, 2000)
2	Solar powered dryer with ecofriendly pineneedle insulation (Design IP)	Ref. No./Application No.: 435619-001 (25/10/2024)	Shweta Sen, Integrum IP 191/7, Tower 7c, SBP Extn. III, Sector 126, Mohali-140307, Punjab, India
3	<i>Plastic Waste Collection Container</i> — Dr. Daya Shankar Singh, Dr. Chirajeev Kumar Yadav, Dr. Anil Kumar Gupta, Dr. Surjan Singh, Sankirtan Sardar, Dr. Ratnesh Tiwari	Design No. 6415769 (22/01/2025)	UK Intellectual Property Office (Certificate of Registration)
4	<i>Method for Predicting Research Citation Growth Using Queueing Theory and Machine Learning With a Computer-Implemented System</i> — Sandeep Kumar, Suraj Sinha, Dr. Surjan Singh, Anil Kumar Gupta, Mrs. Kokil Bhatia, Dr. Md. Heshamuddin, Ravi Shankar, Dr. Sandeep Kumar Yadav, Prem Kumar	Application No. 202511050137A (13/06/2025)	The Patent Office, India (Published Patent Application)

AKAL COLLEGE OF HEALTH AND ALLIED SCIENCES

Sr. No.	Description of patent	Patent No.	Registering authority
1	Pediatric Blood Cancer Diagnosis Device Prof. Usha. S Dr. Priyanka Chaudhary	Design No: 6438788	UK Design – Intellectual Property Rights
2	Deep learning driven Cardiac Health monitoring Prof. Usha. S Dr. Priyanka Chaudhary	Design No:455953-001	Indian Design – Intellectual Property Rights

PURCHASE OF MAJOR EQUIPMENTS, 2024-25

AKAL COLLEGE OF ARTS & SOCIAL SCIENCES

Sr. No.	Name of the Department	Name of Equipment	Quantity	Cost (Rs)	Date of Purchase
1	Music	Sarangi	4	60,000/-	27/07/2025
2	Music	Taus	3	75,000/-	19/07/2025
3	Music	Violin & Ishraj	6+2 =8	57,000/-	08/07/2025
4	Music	Dilruba & Sitar	4+1 = 5	72,000/-	28/06/2025
Total			20	2,64,000/-	

DR. KHEM SINGH GILL AKAL COLLEGE OF AGRICULTURE

Sr. No.	Name of the Department	Name of Equipment	Quantity	Cost (Rs)	Date of Purchase
1	Horticulture	Steam Based Oil Distillation Unit	01	55460.00	05/12/2024
2	Food Technology	Autoclave 22 litre, Vertical, Radial Lock	01	46964.00	23/05/2025
3	Food Technology	Cob Tester	01	21240.00	23/05/2025
4	Entomology	Refrigerator	01	42950.00	11/04/2025

POSTGRADUATE AND DOCTORATE RESEARCH PROJECTS (2024-25)

AKAL COLLEGE OF ARTS & SOCIAL SCIENCE

Department of Music

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Harmanjot Kaur (BS23PMU001)	Sant Baba Ishar Singh ji (Rada Sahib Wale) da Dhaarna Gayan Shailee vich Yogdaan	Dr. Rani	Pursuing
2	Jaspreet Kaur (BS23PMU002)	Vartaman Samay vich Tanti Saaza de Prachaar – Prasaar Iyi Ustaad Shaminder Paal Singh ji da Yogdaan (Shashtriya)	Dr. Arkja Bharadwaj	Pursuing
3	Rajinder Kaur (BS23PMU003)	Gurmat Sangeet de Tanti Saaz Taus Naal Kirtan karan di Parampara vich Vihavi Sadi de Mahaan Kirtankar Ragi Bhai Avataar Singh ji da Yogdaan	Dr. Arkaja Bharadwaj	Pursuing
4	Amritanjali Sharma (BS22PMU001)	Zila Sirmaur ke Giri Aar wa Giri Paar Shetra ke Loksangeet ka Tulnatmak Adhyayan	Dr. Purvi Luniyal	Pursuing

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
5	Monika Kumari (BS21PMU001)	Sirmauri Haati Shetra ke Lok- geeton ka Paramparik Evam Vartaman Swaroop – Ek Adhyayan	Dr. Purvi Luniyal	Pursuing
6	Hardeep Kaur (BS19PAMU001)	Gurmat Sangeet vich Raagi Bhai Bakhshish Singh ji di Kirtan Shailee da Yogdaan – Vishleshanatmak Adhyayan	Dr. Purvi Luniyal	Pursuing
7	Vandana (BS17PAMU001)	Sirmaur Janpad ke Janjivan me Varsh Bhar ke Mausamou ke Anurup Lok Sangeet Evam Lok Nritya ka Vishleshanatmak Adhyayan	Dr. Purvi Luniyal	Completed

Department of Psychology

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Poonam Rani (BS22PPSY001)	Emotional Intelligence and Negative Mood Regulation Expectancies As the Predictors of Job Satisfaction among Secondary School Teachers	Dr. Neelam Kumari	Pursuing
2	Paras Preet Kaur (BS22PPSY002)	Impact of Perceived Parenting Styles on Psychological Wellbeing and Academic Achievement among school students	Dr. Yashpal Azad	Pursuing
3	Priyanka Yadav (BS23PPSY001)	The Impact Of Child Disability On The Socio Psychological Adjustment Of Parents	Dr. Deepika Negi	Pursuing
4	Mahima Sharma (BS23PPSY002)	Emotional Intelligence, Psychological Wellbeing, And Academic Procrastination Among College Students: A Gender-Based Analysis In The Context Of Social Networking Site Use	Dr. Neelam Kumari	Pursuing
5	Divyani (CAS-24-089)	The impact of Screen Time on Attention and Learning in School Children: A study on Cognitive Engagement and Academic Performance.	Dr. Yashpal Azad	Pursuing
6	Sandeep Kaur (CAS-24-091)	Not finalized	Dr. Deepika Negi	Pursuing

Department of Punjabi

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Harminder Kaur (BS21PPB001)	ਅਸਟਰੇਲੀਅਨ ਪੰਜਾਬੀ ਸਾਹਿਤ ਦੀ ਇਹਤਿਾਸਕਾਰੀ	Dr. Simranjit Singh	Thesis Submitted
2	Gurtej Singh (BS21PPB002)	ਪੰਜਾਬੀ ਅਤੇ ਹਿਮਾਚਲੀ ਲੋਕ ਕਾਣੀਆਂ ਦਾ ਤੁਲਨਾਤਮਕ ਅਹਿਐਨ	Dr. Simranjit Singh	Pursuing
3	Gurwinder Kaur (BS22PPB001)	ਪੰਜਾਬੀ ਸਮਕਾਲੀ ਨਾਰੀ ਕਾਣੀਕਾਰਾਂ ਦੀਆਂ ਕਾਣੀਆਂ ਹਿਚਲੀਆਂ ਹਬਰਤਾਂਤਕ ਜੁਗਤਾਂ	Dr. Simranjit Singh	Pursuing
4	Harpreet Kaur (CAS-24-086)	ਹਪਰੰ. ਸਰਿਣ ਹਸੰਘ ਦੁਆਰਾ ਰਹਚਤ ਸਮੁੱਚਾ ਿਾਰਤਕ ਜਗਤ: ਸੰਚਾਰ ਅਤੇ ਜੁਗਤਾਂ	Dr. Simranjit Singh	Pursuing

Department of English

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Kanchan Sharma (BS19PAEN001)	Deconstructing binaries of being and becoming: a study of margaret atwood's select novels	Dr. Ambika Sharma	Complete
2	Kumari Baveja Devi (BS19PAEN002)	An ecocritical study of four indian english novels	Dr. Geeta Sharma	Complete
3	Pinaki Bakshi (BS20PAEN001)	An ecofeminist study of selected novels of margaret atwood	Dr. Ambika Sharma	Pursuing
4	Rashmi Verma (BS20PEN002)	Representation of women in chitra banerjee, devakurni selected novels	Dr. Geeta Sharma	Submitted
5	Vrinda Shandil (BS21PEN001)	Transcending the boundaries of perception: a feminist study of selected texts of maya angelou, kamala das, azar nafizi and alice walker	Dr. Geeta Sharma	Submitted
6	Harjinder kaur (BS21PEN002)	Tracing feminine consciousness across cultures in the selected works of shashi deshpande, dorris lessing, tasleema nasreen, and elif shafak	Dr. Geeta Sharma	Pursuing
7	Rampreet Kaur (BS22PEN001)	Scream from screen: an ontological analysis of the shoah image through the cinemascap	Dr. Ambika Sharma	Pursuing

Department of Agronomy

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Ms. Sanjana Chauhan (BS23PAGN001)	Effect of Planting Geometry and Fertility Levels on Growth and Yield of Barley (<i>Hordeum vulgare</i> L.) in Sirmaur District of Himachal Pradesh	Dr. Ankit Kumar	Course work completed and synopsis discussed at the department level
2	Himani Sharma (CAG-24-066)	Influence of Weed Management Practices on Weed Dynamics, Growth and Yield of Wheat (<i>Triticum aestivum</i> L.).	Dr. Ankit Kumar	The coursework has been completed, relevant literature has been collected for synopsis writing, and the synopsis seminar has been delivered.

Department of Genetics Plant Breeding and Biotechnology

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Ramandeep Kaur (BS20PSBT002)	Genetic Dissection of Powdery Mildew Resistance in Bread Wheat using Genomics based Approaches	Dr. Vikrant Tyagi	Thesis (Rough Draft) Submitted; Final Submission and Viva-Voce Pending
2	Rajeshwari Negi (BS22PBT001)	Development of Liquid Microbial Consortium with Multifunctional Plant Growth Promoting Attributes to Enhance Crop Productivity	Dr. Ajar Nath Yadav	Research Work completed Thesis writing in progress
3	Rajender Kumar (BS23PBT001)	Potential Analysis of Hydrothermally Synthesised TiO ₂ and Fe Doped TiO ₂ Nanomaterials: Characterization, Antimicrobial, Postharvest Optimization and Cytotoxicity Applications.	Dr. Sapna Thakur	Departmental synopsis presentation done
4	Nidhi Devi (BS23PGPB001)	Identification of Genomic Regions Associated with Morpho-Physiological Traits and Micronutrients in Wheat-aegilops Introgression Lines across Various Environments	Dr. Vikrant Tyagi	Final Synopsis Submitted and Approved by External Evaluator; Multilocation Research Trials Conducted at Four Distinct Agro-Climatic Locations

Department of Food Technology

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Ms. Swati Joia (BS20PSFT001)	Isolation and Characterization of Apricot Kernel Oil and Protein	Dr. Tajendra Pal Singh	Thesis writing
2	Ms. Himanshi Rao (BS23PSFT002)	Isolation and Characterization of Azolla (<i>Azolla pinnata</i>) Protein	Dr. Tajendra Pal Singh	Synopsis submitted for approval
3	Ms. Sweta Dhiman (BS21PSFT001)	Extraction, Modification and Characterization of Starch and Proteins from Different Cultivars of Barley (<i>Hordeum vulgare</i> L.)	Dr. Naseer Ahmed	Degree Completed
4	Ms. Rajvinder Kaur (BS22PFT001)	Revalorization of Peach Kernel for Development of Value-added Products	Dr. Naseer Ahmed	Thesis writing
5	Ms. Seerat Sharma (BS22PFT002)	Utilization of Proteins and Lipids Extracted from different Oil Seed Cakes for the Development of Value-added Products	Dr. Naseer Ahmed	Thesis writing
6	Ms. Tawseefa Jan (BS23PSFT002)	Characterization of Bitter Gourd Protein Films Enriched with Nano-encapsulated Allicin Extract	Dr. Naseer Ahmed	Synopsis submitted for approval

Department of Horticulture (Veg. Science)

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
1	Ruksana (BS21PHC001)	Evaluation of Organic Fertilizers as Integrated Nutrient Management Practice in Tomato (<i>Solanum lycopersicum</i> L.)	Dr. Amit Saurabh	Degree Completed
2	Priya Thakur (BS21PHC002)	Effect of different Hybrids, Hspacing and Fertilizer Doses on Growth, Yield and Quality of Broccoli (<i>Brassica oleracea</i> var. <i>italica</i> L.)	Dr. Amit Saurabh	Rough submission of thesis is completed and viva is left.

Sr. No.	Name of student with admission no.	Title of PG research	Major advisor	Progress made during the period
3	Vedika Sharma (BS22PHC001)	Response of Plant Growth Regulators and Organic Manure on Growth, Yield and Biochemical Attributes in different Hybrids of Cucumber (<i>Cucumis sativus</i> L.) under Polyhouse Condition	Dr. Amit Saurabh	Research trial had been completed and the thesis writing is in progress.
4	Diksha Saini (BS23PHC001)	Estimation of Heterosis, Combining Ability and Gene Action in Bitter Gourd (<i>Momordica Charantia</i> L.) for Yield and Related Traits	Dr. Yashpal Singh Bisht	The experiment was planned and implemented in the field, and data collection was carried out at regular intervals to assess treatment effects.
5	Himanshi (BS23PHC002)	Heterosis and Combining Ability for Growth, Yield and Yield Attributing Traits in Okra (<i>Abelmoschus Esculentus</i> (L.) Moench)	Dr. Yashpal Singh Bisht	The experiment was planned and implemented in the field, and data collection was carried out at regular intervals to assess treatment effects.

Annexure-I

1. Global Synergy in Nursing: Enhancing Clinical Practice

On October 14-19, 2024, Akal College of Nursing, in partnership with Drexel University, USA, organized the event “**Global Synergy in Nursing: Enhancing Clinical Practice**” to elevate nursing education and clinical practices. The initiative brought together faculty and students from both institutions for a week-long program focusing on advanced clinical skills, global health perspectives, and hands-on training.

The event featured distinguished experts from Drexel University, including Dr. Jill Derstine, Dr. Marylou, Dr. Susan Solecki, Dr. James Kalupson, Ms. Taraya Gibson, and Dr. Marcia Gamaly. Sessions covered critical areas such as **Emergency Room Nursing, Cardiac Emergencies, Post-Operative Care, Addiction Perspectives, Pediatric Infectious Diseases, and Basic Counseling Skills**. Hands-on training in **CPR for children and Cranial Nerve Assessment** further enhanced the participants'

practical competencies.

A highlight of the program was the **Disaster Mock Drill on Earthquake Management** on October 16, which simulated a real-life emergency scenario. Participants gained experience in evacuation, search and rescue operations, triage-based first aid, and victim transportation. This drill reinforced teamwork, preparedness, and real-world application of disaster response strategies.

During the exit meeting, Dr. Neelam Kaur, Chief Advisor at Eternal University, commended the faculty and students for their dedication. Drexel faculty expressed appreciation for the commitment demonstrated by participants.

This program successfully fostered global collaboration and advanced the clinical expertise of nursing students and professionals, reinforcing Akal College of Nursing's mission to provide value-based education and training.

Annexure-II

2. Adult and Paediatric BLS and ACLS Training Workshop

Adult and Paediatric Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS) was organized on 21-22 December 2024 at Akal College of Nursing (CON), Baru Sahib, Himachal Pradesh. The program aimed to enhance the knowledge and skills of nursing faculty in life-saving techniques, in accordance with the latest guidelines by the American Heart Association (AHA).

On Day 1, the sessions focused on adult BLS and ACLS training, beginning with a pre-test to assess baseline knowledge, followed by an introduction to CPR guidelines by Ms. Arti Saini. Mr.

MahendraKumar conducted a session on team dynamics, emphasizing the importance of effective communication in CPR outcomes. Practical demonstrations and hands-on training on airway management, chest compressions, AED use, and drug administration were conducted at various stations. The day concluded with a debrief and feedback session led by the facilitators, summarizing the key learning points and addressing participants' questions.

Day 2 of the FDP was dedicated to paediatric BLS and ACLS training. The day began with an overview of paediatric CPR guidelines, highlighting differences from adult techniques, followed by airway management sessions led by Ms. Arti Saini. Participants engaged in hands-on training for paediatric CPR, including high-quality compressions, AED use, and advanced airway management. A demonstration on managing choking in children provided additional practical insights. The program concluded with a post-test and Objective Structured Clinical Examination (OSCE) to evaluate participant competencies. The feedback session revealed that participants found the training highly effective, with an emphasis on practical skills and real-life application. Special thanks were extended to the facilitators and organizing team for their dedicated efforts in making the FDP a success.

Adult and Paediatric BLS and ACLS was a comprehensive and impactful initiative designed to strengthen the life-saving skills of nursing faculty. The integration of theory with practical hands-on training ensured a robust learning experience, while the use of real-life scenarios enhanced the applicability of the techniques taught. Participants left the program with heightened confidence and competence in performing critical life-saving interventions, in alignment with the latest AH Aguidelines. The successful execution of this FDP underscores the commitment of Akal College of Nursing to promoting excellence in healthcare education and practice.

Annexure-III

3. "Innovations in Education, Research & Practice for a Better Tomorrow"

Faculty Development Program held from March 10 to 14, 2025, in collaboration between Akal College of Nursing (ACN) and Texas Woman's University (TWU), USA. The event, focusing on "Innovations in Education, Research & Practice for a Better Tomorrow," aimed to enhance competencies in education, research, and clinical practice through innovative and interdisciplinary perspectives. The key program

areas included Artificial Intelligence in Education, Professional Communication, Adult Learning Theory, Qualitative Research Methodology, Trauma-Informed Care, and more.

Notable sessions were led by distinguished resource persons from TWU, including Dr. Brenda Moore, Dr. Peggy Ann Landrum, and Dr. Nina Fredland. Highlights of the event also included workshops on community-based participatory research, arts-based health education, and trauma-informed care. Strategic discussions were held with the leadership of Eternal University to strengthen clinical training, enhance the curriculum, and explore further collaborations for global education in nursing.

This collaboration marks a transformative step for Akal College of Nursing, with the goal of advancing academic excellence, research-oriented learning, and fostering international academic exchanges.

Annexure-IV

4. Team Strategies and Tools to Enhance Performance and Patient Safety – Workshop

The Drexel Visit 2025 was held at Akal College of Nursing, Eternal University, Baru Sahib from 07–11 May 2025, in collaboration with Drexel University, USA, and New York University. The event was mentored by Dr. Neelam Kaur and convened by Dr. Mehmooda Regu, with distinguished resource persons including Dr. Jill Derstine, Dr. Marcia Gamaly, Prof. Sandra Fredman, Dr. Brian Fasolka, and Ms. Stephanie Zumbo.

The workshop emphasized Team STEPPS strategies to improve communication, leadership, situation monitoring, and mutual support for enhancing patient safety and team performance. It also showcased innovations in nursing education, advancing skills and leadership through simulation-based training and hands-on sessions.

Team STEPPS Training: Communication tools (SBAR, call-outs, check-backs), leadership strategies, situation monitoring, and mutual support for resilient healthcare teams. **Interactive Practice:** Group work, case studies, role plays, and simulations integrating Team STEPPS into clinical workflows. **Advanced Nursing Procedures:** Trauma care, CPR, ECG interpretation, OBG procedures, and endoscopy demonstrated by Drexel and NYU faculty.

The visit strengthened communication and leadership skills, enhanced resilience among nursing students

and faculty, and provided practical exposure to global nursing education standards. The collaboration reinforced the mission of Akal College of Nursing to integrate value-based education with international best practices for advancing nursing care and patient safety.

1. International Conference on Recent Advances on Green Catalysis and Drug Discovery

In continuation of the previous year's efforts, this year also the Green Chemistry Network Center Chapter of Akal University (Talwandi Sabo, Bathinda, Punjab) jointly with the Eternal University (Baru Sahib, Himachal Pradesh) organized an 'International Conference on Recent Advances on Green Catalysis and Drug Discovery (ICRAGCDD 2024)' on 4th-6th September 2024 at the Akal University through hybrid mode. The three days international conference was organized in collaboration with the Green Chemistry Network Center, University of Delhi, New Delhi, India along with the Indian Chemical Society, Kolkata.

The conference was aimed to provide an ample opportunity to young researchers to present their work and discuss creative ideas among the scientific fraternity. A total of 342 participants from India and abroad were registered for this conference and presented their research findings either by poster or oral presentations through various parallel sessions. The Founders of Green Chemistry, Prof. Paul Anastas from United states of America and Prof. John C. Warner from Germany joined virtually for an

interactive session during the conference. This conference was funded by the Science and Engineering Research Board (SERB), Council of Scientific & Industrial Research (CSIR), Royal Society of Chemistry (RSC), Indian Oil Corporation Ltd. (IOCL), Drillbit, Fuel Oil Water Emulsion (FOWE), Aurigene Oncology Pvt. Ltd., Anton Paar and Balani Group.

3. ICEPAM 2024

ICEPAM 2024 was a global academic event designed to foster the exchange of ideas, innovations, and research outcomes in Pure and Applied Mathematics. The event served as a platform for experts and scholars to deliberate on various mathematical disciplines, including Algebra, Analysis, Number Theory, Optimization, Mathematical Modeling, and more.

The conference featured numerous esteemed speakers from across the globe. Some of the notable names include:

1. Prof. Carla Pinto – University of Porto, Portugal
2. Prof. F. Smarandache – University of New Mexico, USA
3. Prof. M. Ram Murti – Queen's University, Canada
4. Prof. Shalabh – IIT Kanpur, India
5. Prof. S.R. Ghorpade – IIT Bombay, India
6. Prof. S.K. Khanduja – Panjab University, India
7. Prof. Erdal Karapinar – Çankaya University, Turkey
8. Prof. D.T. Pham – University of Birmingham, UK
9. Prof. Mikhail Sheremet – Tomsk State University, Russia

10. Prof. Vincenzo De Filippis – University of Messina, Italy

11. Prof. A.G. Shannon – University of New South Wales, Australia

12. Prof. H. Ramos – University of Salamanca, Spain

13. Prof. Hai Q. Dinh – Kent State University, USA

The presence of such high-profile academics made ICEPAM 2024 a prestigious and intellectually stimulating gathering. From November 20 to November 22, 2024, a team comprising 4 faculty members Dr. Sandipan Gupta, Dr. Surjan Singh, Dr. Shivani, Dr. Bharti Thakur, and 11 students from Eternal University participated in an academic conference “2nd International Conference on Evolution in Pure and Applied Mathematics” organized by Akal University, Talwandi Sabo, in collaboration with Eternal University, Baru Sahib. A total of 700 participants have attended the conference.

The group of students included four undergraduate students from B.Sc. (Non-Medical), four postgraduate students from M.Sc. Mathematics (1st and 2nd year), and three research scholars. The research scholars actively contributed to the event by delivering presentations, showcasing their research work to an academic audience.

The faculty members from Eternal University were part of the organizing committee, served as coordinators, managing the sessions of the event, Dr. Sandipan Gupta and Dr. Surjan Singh acted as session chairs, facilitating discussions and moderating various sessions effectively over the three-day event.

This collaborative academic engagement provided a valuable platform for students and faculty alike to exchange knowledge, engage in scholarly discussions, and enhance their professional networks, contributing to the overall academic enrichment of the participants.

Annexure-IV

4. National Science Day 2025 at Eternal University

Eternal University celebrated National Science Day 2025 with the theme “Empowering Indian Youth for Global Leadership in Science and Innovation for Viksit Bharat.” To encourage scientific literacy and creativity, Painting and Poster Competitions were organized for students under the coordination of Dr. Poonam Kumari, along with committee members Dr. Bharti Thakur, Ms. Jyotsna (Ph.D.

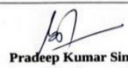

Scholar, Physics), Ms. Anchal (M.Sc. Physics), and Ms. Priya (M.Sc. Physics). The event was held on February 28, 2025, at Bhai Gurdas Hall, where students showcased their innovative ideas through artistic and scientific expressions. After thorough evaluation, the winners were announced the same day during the award ceremony at 4:00 p.m. in the Eternal University Auditorium. Prizes and certificates were presented to the top performers, while all participants received certificates of participation as a token of appreciation for their enthusiasm and creativity.

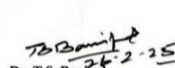

Dr. Poonam Kumari, Assistant Professor of Physics, delivered a brief introduction to Sir C.V. Raman’s biography, highlighting his scientific contributions and inspiration for young researchers

5. Know Your Laboratory Instruments

A departmental activity titled "Know Your Laboratory Instruments" was successfully conducted on March 31, 2025, from 9:00 am onwards in Room No. 409. The purpose of the activity was to strengthen the experimental knowledge of students regarding various physics laboratory instruments.

The session included hands-on experimentation and discussions providing a comprehensive understanding of the instruments used in the laboratory.

All undergraduate and postgraduate students actively participated in the event. Students also ensured their involvement and contributed meaningfully to the activity.

Annexure-VI

6. Visit the Sewage Treatment Plant

To visit the sewage treatment plant of the university to familiarize the students with various wastewater treatment technologies

Annexure- VII

7. Virtual Alumni Meet

The Department of Physics, Akal College of Basic Sciences, Eternal University, Baru Sahib, organized a virtual Alumni Meet on April 28, 2025, from 4:00 to 5:00 PM (IST) via Google Meet. The event brought together the alumni of the department for a warm and nostalgic evening filled with memories, laughter, and meaningful updates about the department's progress. It served as a wonderful opportunity to reconnect and celebrate the shared journey and lasting legacy of the alumni community. The distinguished alumni expressed highly positive sentiments regarding the department and the university. They acknowledged that the campus's peaceful and holistic environment, along with the academically enriching atmosphere fostered by the faculty, significantly contributed to their personal and professional development. Furthermore, they emphasized that the well-structured academic programs and the quality of instruction provided by the faculty played a crucial role in their success in competitive examinations.

Dr. Poonam Kumari, Assistant Professor (Senior Scale), Department of Physics, engaged the alumni in a discussion about their academic journey within the department and at Eternal University.

Dr. Puneet Negi, Associate Professor and Head, Department of Physics, expressed gratitude to all the alumni for their participation and extended his best wishes for their continued success in future endeavours.

Annexure-VIII**8. Hands- on workshop-cum-exhibition on "Quantum Science and Technology: Developing Innovative Mindset in Students"**

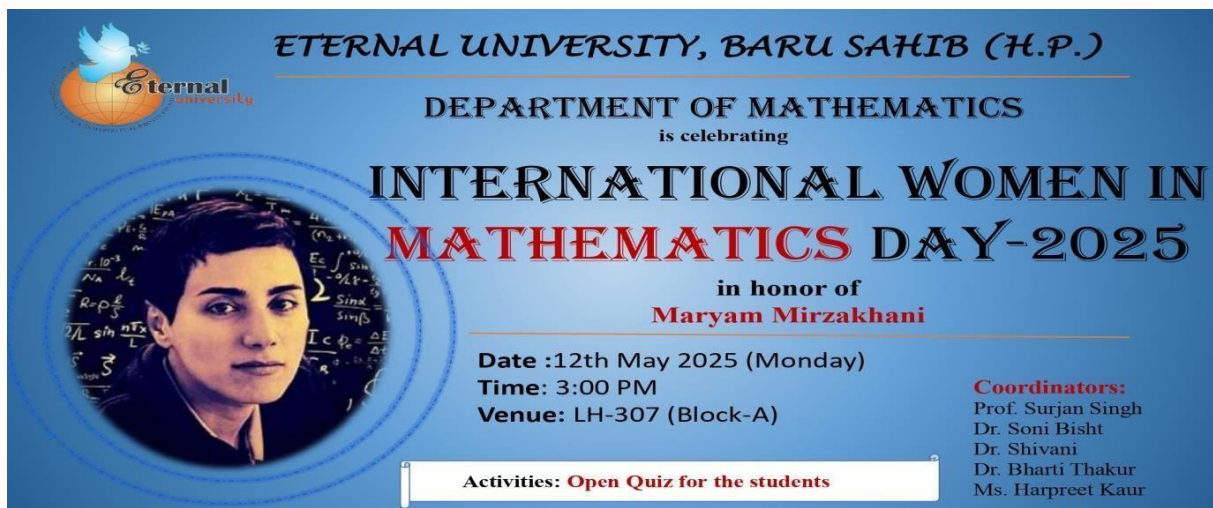

The Department of Physics, Akal College of Basic Sciences, Eternal University, organized a two days Hands- on workshop-cum-exhibition on "Quantum Science and Technology: Developing Innovative Mindset in Students" as part of the global celebration of the International Year of Quantum Science and Technology – 2025. The event aimed to foster creativity and scientific thinking among students by exploring the intriguing world of quantum mechanics through interactive activities, experimental demonstrations, documentary film show, and a reel show competition.

Dr. Poonam Kumari, Assistant Professor (Sr. Scale), Department of Physics, highlighted the significance of quantum mechanics in correlation with the documentary film presented during the session. Further enriching the academic conversation, Dr. Puneet Negi, Associate Professor and Head, Department of Physics, explain the importance of World Quantum Day (April 14) and elaborated the profound impact of quantum science and technology in everyday life.

The event also encouraged students to express their scientific creativity and innovative thinking through a reel show competition on the quantum science and technology. In this segment, Anchal Thakur and Priya, M.Sc. (Physics) were awarded the First Prize; Surjeet Kaur and Nazia, B.Sc. (Non-Medical) received the Second Prize and Lakshita B.Sc. (Hons. with Research) Physical Sciences secured the Third Prize. The event successfully created a collaborative and stimulating learning environment, motivating students to view innovation as a powerful tool for societal transformation.

**Annexure-IX****9. International Woman in Mathematics Day**

The Department of Mathematics celebrated Women in Mathematics Day to honor the remarkable contributions of Maryam Mirzakhani, the first woman to receive the Fields Medal. The event was attended by all faculty members of the department: Dr. Surjan Singh, Dr. Shivani, Dr. Bharti Thakur, and Ms. Harpreet Kaur, along with Dr. Anil Kumar.

ETERNAL UNIVERSITY, BARU SAHIB (H.P.)

DEPARTMENT OF MATHEMATICS
is celebrating

**INTERNATIONAL WOMEN IN
MATHEMATICS DAY-2025**

in honor of
Maryam Mirzakhani

Date : 12th May 2025 (Monday)
Time: 3:00 PM
Venue: LH-307 (Block-A)

Coordinators:
Prof. Surjan Singh
Dr. Soni Bisht
Dr. Shivani
Dr. Bharti Thakur
Ms. Harpreet Kaur

Activities: Open Quiz for the students

Annexure-X**10. Know Your Laboratory Instruments**

As part of the global celebration of the International Year of Quantum Science and Technology – 2025, the Department of Physics at Akal College of Basic Sciences, Eternal University, organized a successful departmental activity titled “Know Your Laboratory Instruments” on May 24, 2025, from 9:30 am onwards in Room No. 409. The event was aimed at enriching students' experimental understanding of key physics laboratory instruments, particularly those relevant to Quantum Mechanics.

All undergraduate and postgraduate students actively participated in the event.

**Annexure-XI****11. EU Quiz**

The EU Quiz-2025 was conducted on 26 May 2025 at Bhai Gurdas Hall, Eternal University, Baru Sahib, through online mode, with participants using their own mobile phones. However, for AIRWE students who did not have access to mobile phones, the quiz was conducted in the Computer Lab (3rd Floor), Eternal University, Baru Sahib using desktop computers.

1. Two-Day Workshop: Psychological Assessment Instruments & Workplace Stress Management

On September 6–7, 2024, Department of Psychology, Akal College of Arts & Social Sciences, Eternal

University organized Two-Day Workshop: Psychological Assessment Instruments & Workplace Stress Management. Day 1: Workshop and Lecture. The first day began promptly at 9:00 AM with the inauguration of the **Workshop on Psychological Assessment Instruments**, expertly conducted by Prof. Dr. N.K. Chadha. The event commenced with a soulful Shabd performance by students of the Music Department, followed by a ceremonial lighting of the lamp by esteemed dignitaries including the Vice Chancellor Jaswinder Singh Ji, and Pro-Vice Chancellor A.S. Alhuwalia Ji. Dr. Chadha's workshop covered essential topics such as the construction, reliability, validity, and standardization of psychological tools. Students actively engaged in practical discussions and exercises until 1:00 PM, gaining valuable insights into the development and evaluation of assessment instruments crucial for psychological research and practice.

In the afternoon session from 2:00 PM to 4:00 PM, Prof. Dr. Chadha addressed university staff with a focused lecture titled "Workplace Stress and Its Management." This session explored the common causes and detrimental effects of workplace stress, while introducing practical coping strategies and stress reduction techniques. The interactive format encouraged staff to share personal experiences and discuss ways to cultivate a healthier, more balanced work environment, fostering both individual and organizational well-being.

Day 2: Continuation of Workshop - The workshop resumed at 9:00 AM on the second day and continued until 5:00 PM. This extended session allowed students to deepen their understanding through case studies, hands-on activities, and interactive discussions focused on psychological assessment methods. The comprehensive training enhanced students' technical skills and prepared them for their future academic and professional careers. The workshop concluded with a rendition of the National Anthem, symbolizing unity, pride, and commitment to learning. Overall, the two-day program successfully combined academic rigor with practical well-being strategies, highlighting Eternal University's commitment to advancing mental health education and fostering professional growth among students and staff alike.

Annexure-II

2. 38th Foundation Day Celebrations – Mental Health Workshop “Chardikala”

November 8th & 9th, 2024 Psychology Department in collaboration with Nursing College, Eternal University As part of Akal Academy, 38th Foundation Day, the Psychology Department organized a

mental health workshop titled Chardikala, aimed at raising awareness and promoting mental well-being. The two-day event featured a range of interactive activities that encouraged self-expression, emotional reflection, and community bonding. Key segments included a Meditation Section, led by third-year students, which introduced participants to mindfulness practices. The Sensory Therapy Section, utilizing natural textures such as sand, grass, and water, heightened sensory awareness and induced feelings of relaxation. A Talk Show (Podcast) tackled themes such as family, career, and identity, allowing open dialogue and personal sharing. The Psychometric Assessment Area provided insights into individual cognitive and personality traits.

Annexure- III

3. Workshop: Stress Management and Curriculum Framework

April 23, 2025, Department of Psychology, Akal College of Arts & Social Sciences, Eternal University, Baru Sahib organized a one-day workshop on “Stress Management and Curriculum Framework” on April 23, 2025, aimed at enhancing student well-being and strengthening academic planning.

The event featured Prof. Dr. Ahsan as the Resource Person, bringing his expertise in mental health to the forefront.

The day began with a Shabad rendition and ceremonial lamp lighting, followed by a welcome address and guest felicitation. The morning session (10:00 AM – 1:00 PM) focused on Stress Management for UG, PG, and Ph.D. psychology students. Dr. Ahsan provided valuable insights into the nature, causes, and effects of stress, especially in academic settings. He introduced evidence-based techniques

like mindfulness, time management, and breathing exercises, encouraging students to design personalized stress management plans. The interactive session helped participants understand emotional regulation and build resilience.

4. Expert talk on innovative Approaches to implementing NEP 2020 via Online Mode

The Department of Music ACASS conducted a Virtual talk on 24 April 2025, at 12.00 pm on Google Meet (link <http://meet.google.com/mhc-ntma-pan>). The topic of the lecture was “Experiential Learning and Curriculum Framework in the Context of Music –NEP 2020”. The Resource person of this talk was Dr. Shalini Thakur, Associate Professor, Delhi University. All the faculty members and research Scholars of the Music Department, ACASS, EU attended this Lecture.

Dr. Shalini Thakur explained a lot of ways of teaching approaches that can fulfill the goal of the New Education Policy in the context of the discipline of Music. She guided us on how we implement different aspects of teaching in music. She said how experiential learning can be framed in our syllabus of Music. Which kind of activity, projects, or creative work can we give to students so that students get more opportunities to represent their hidden talent, and they also think critically and creatively? As we can give these different tasks to students, 1) Making a composition in different ways, for example- a) related to an Occasion/Season/Rituals, etc (composition can be made in different genres). b) Related to a story c) Background Music, etc. Apart from that, she guided us through many types of projects that can be made by students, As -writing lyrics for different kinds of Situations, making different kinds of sound effects, etc. Additionally, she also explained how we can make a course in sound engineering because it is a very highly demanded work for music in the present time.

Dr. Shalini Thakur highlighted the importance of stage performance. She said students do well in class, but they don't perform as well as on stage because of their hesitation and stage fright. So it is our duty to give a chance to each student to perform on stage. So they can overcome their fear of stage fright.

It was really a great talk with Dr Shalini Thakur. Her deep knowledge of Music and teaching was reflected in the lecture. It is our pleasure to have this lecture with her. Her guidance will immensely affect our teaching and help to frame the syllabus of Music. In Conclusion, Dean of the Akal College

of Arts, Dr. Purvi Luniyal, expressed her gratitude to Dr. Shalini Thakur.

1. Innovation in “Agriculture and Rural Development” and “Diversification and Sustainable Development

In the inaugural session of the seminar souvenir containing messages from the distinguished well-wishers and extended abstracts of papers contributed by the researchers for the seminar was released. Further, the event featured a total of 12 technical sessions, including inaugural and valedictory sessions. The sessions covered a wide range of topics aligned with the seminar themes, providing participants with opportunities to present their research and engage in meaningful dialogue. A total of 9 invited speakers, including distinguished academicians and professionals, shared their expertise through keynote addresses and special lectures, greatly enriching the learning experience. With the participation of more than 40 delegates, including faculty, research scholars, and students from various institutions, the seminar created a vibrant academic atmosphere. The well-structured schedule, timely coordination, and active involvement of participants contributed to the grand success of the event. The seminar concluded with a valedictory session, recognizing the contributions of all speakers and presenters, and reinforcing the importance of continued research and discussion in the fields of economics, commerce, and management.

2. Workshop on the Issues in question paper setting for EU Examinations

The event was graced by the presence of the Hon'ble Vice Chancellor, Deans of different Colleges, Heads of Departments and esteemed faculty members. The workshop was led by Mr. Ambar Srivastava, Assistant Professor at Christ University, NCR New Delhi and a former faculty member of Eternal University. The session addressed critical concerns in the current examination system and discussed practical ways to enhance teaching methodologies. Mr. Srivastava provided valuable insights on how educators can identify fast, average and slow learners in the classroom and adapt their teaching strategies accordingly. The second half of the workshop involved an engaging interactive activity designed specifically for teachers, which added an element of participation and made the session more dynamic and memorable. This hands-on approach not only fostered better understanding but also encouraged faculty members to reflect on their current teaching practices. The workshop was well-received by all attendees nearly 100 in number who appreciated its practical relevance, interactive structure and the opportunity for cross-departmental dialogue. The event concluded with a formal vote of thanks delivered by Dr. S. K. Chauhan, acknowledging the contributions of Mr. Srivastava and the organizing team for conducting a thoughtful and impactful Session.

1. Exposure Visit to Rock Garden (Chandigarh) and Pinjore garden (Haryana) on 29th September, 2024

An educational tour was meticulously organized by the Department of Horticulture, under the guidance of Dr Anand Singh Rawat, Dr Megha Ahir and Ms Priya Thakur (Ph.D. Scholar and Teaching Associate), to provide students with practical exposure to gardens of national importance. The visit included the renowned Rock Garden in Chandigarh and the historic Pinjore Garden in Haryana. The primary aim of this visit was to offer students a firsthand understanding of landscape architecture, historical significance, and the integration of natural and artistic elements in garden

design The Rock Garden, an embodiment of creativity using industrial and domestic waste, left the students inspired by the concept of sustainable art and recycling in landscape design Pinjore Garden, on the other hand, offered insights into the grandeur of Mughal-style architecture, water channels, and symmetrical garden layouts, reflecting historical landscaping practices The major highlight of the visit was the immense exposure gained by the students, who were actively engaged in discussions on plant species, garden maintenance, aesthetic planning, and horticultural significance The students appreciated the opportunity to visualize textbook concepts in a real-world setting, which significantly enhanced their learning experience

ROCK GARDEN (CHANDIGARH)

PINJORE GARDEN

2. Exposure Visit to Dr. YSPUHF, Nauni (Solan) on 19th October, 2024

An educational tour was organized on 19th October, 2024 by Dr Megha Ahir and Ms Manju Attri for BSc (Hons) Agriculture 1st year and M.Sc. Horticulture (Fruit Science) 1st year students to Dr Yashwant Singh Parmar University of Horticulture and Forestry, Nauni (Solan) The main aim of the tour was to provide students with exposure to various disciplines of Horticulture and Forestry through practical demonstrations and expert interaction The visit began with the Floriculture Unit, where Dr Meenakshi

Basoli introduced students to ornamental plants such as *Portulacaria afra*, *Excoecaria bicolor*, *Euphorbia milli* and *Rhapis excelsa*. The session focused on plant identification, importance in landscaping and methods of propagation, which greatly enhanced student's understanding of ornamental horticulture. Next, students visited the Vegetable Science Unit, guided by Dr Kuldeep Singh Thakur. Students observed crops like cabbage, radish, asparagus and drumstick and learned about their nutritional importance, scientific cultivation and productivity enhancement. The tour continued with a visit to the Fruit Science Unit, where Dr Pramod Verma elaborated on high-density planting, nursery management, propagation techniques and orchard layout. Fruit crops such as apple, kiwi, apricot and walnut were covered. Lastly, at the Medicinal and Aromatic Plants Department, Dr Ravi Bhardwaj gave a comprehensive overview of medicinal plants like stevia and neem and demonstrated resin extraction techniques. The visit provided meaningful hands-on exposure. Faculty at the host institution appreciated the student's interest and active participation. The students expressed that the visit strengthened their practical knowledge and kindled deeper interest in horticultural sciences.

3. Field/Exposure Visit to Incubation Unit/Patent Facilitation Centre/ Technology Transfer Centre such as Atal Incubation Centre etc

1	Academic year	2024-25
2	Program driven by	IIC Calendar Activity
3	Quarter	Quarter-IV
4	Program/Activity Name	Field/Exposure Visit to Food processing Unit, Bhaira Jams Pvt, Bhaira, Himachal Pradesh
5	Program type	Level-3: Exposure visit
6	Program Theme	Entrepreneurship and Start-up
7	Duration of the activity (in hrs)	12
8	Start Date	22/03/2025
9	End Date	22/03/2025
10	Number of Student Participants (Minimum 50 Students)	43
11	Number of Faculty Participants	02
12	Number of External Participants, If any	10
13	Expenditure Amount, If any	10 Lakh
14	Mode of Session Delivery	Offline
15	Objective (max 100 letters)	To provide overview of processing and post harvest technology of Fruits and Vegetables

16	Benefit in terms of Learning/Skill/ Knowledge obtained(max 150 letters)	The primary objective of the industrial visit was to provide students of BTech Food Technology and BSc Agriculture with practical exposure to the food processing industry, focusing on fruit preservation, value addition, and sustainable small-scale food entrepreneurship. The visit aimed to bridge the gap between theoretical knowledge and its industrial application.
----	---	--

An exposure visit was organized for the food technology and Agriculture students of B.Tech. and B.Sc. programs to Bhaira Jams Pvt, Bhaira Himachal Pradesh Bhaira Jams Pvt, Rajgarh, Himachal Pradesh, as part of their curriculum the visit to Bhaira Jams Pvt, Rajgarh, Himachal Pradesh was organized on 22nd March, 2025.

The primary objective of the industrial visit was to provide students of B.Tech. Food Technology and BSc (Hons) Agriculture with practical exposure to the food processing industry, focusing on fruit preservation, value addition, and sustainable small-scale food entrepreneurship. The visit aimed to bridge the gap between theoretical knowledge and its industrial application during the visit, students had the opportunity to:

- Engage in interactive sessions and discussions to gain insights into ongoing research projects and developments
- Visit laboratories and research facilities to observe firsthand the practical applications of theoretical knowledge
- Interact with plant manager, researchers, and workers at the host institutions to exchange ideas and experiences

Ms Pooja, Production Manager Specialist, coordinated the visit to Bhaira Jams Pvt. Ltd.

Bhaira Jams Pvt, Bhaira visits, and demonstrations Food **Processing Techniques**

- Overview of jam, jelly, and marmalade production processes
- Use of open-kettle and batch cooking methods
- Importance of pectin content, acidity, and sugar concentration in jam setting
- **Raw Material Handling**
- Sourcing of local fruits such as apples, plums, apricots, and cherries
- Quality control measures before production
- Seasonal processing and storage practices
- **Preservation & Hygiene**
- Traditional yet hygienic methods used in processing
- Use of natural preservatives and sterilized jars
- Good Manufacturing Practices (GMP) being followed in a rural setup
- **Packaging & Labeling**
- Packaging methods using glass jars and eco-friendly materials
- Importance of proper labeling for nutritional information and traceability
- **Entrepreneurship and Sustainability**
- Insight into women-led entrepreneurship in rural India

- Social impact: providing livelihoods to local women
- Business model focused on sustainability, tradition, and quality

Interaction Session

An interactive session was held where students asked questions regarding:

- Challenges in sourcing and seasonality of raw materials
- Strategies for maintaining product quality and shelf life
- Market reach and branding of artisanal food products

The visit to Bhaira Jams Pvt. Ltd. was highly informative and beneficial. It offered valuable insights into traditional food processing techniques integrated with modern quality standards. Students gained practical exposure to food technology applications and sustainable agricultural entrepreneurship in real-world settings. The experience also emphasized the significance of community-led and women-centric enterprises in the food processing sector.

Annexure-IV

4. Exposure Visit to Kudrat Organic Farm (Vermicompost Unit), Mohali (Punjab) on 25th March, 2025

An educational tour was organized for B.Sc. (Hons) Agriculture students to Kudrat Organic Farm, a vermicompost unit located in Mohali, Punjab. The visit aimed to provide students firsthand exposure to the preparation, benefits and commercial aspects of vermicomposting—a vital component of organic farming. Owned by Mr Dharmendra Laddi, a recognized promoter of organic farming and recipient of multiple awards, Kudrat Organic Farm operates on a one-acre unit and specializes in nutrient-rich vermicompost. During the visit, students received detailed training on establishing a vermicompost unit, including types of raw materials, vermibeds, the role of red earthworms (*Eisenia foetida*), moisture management, harvesting and marketing. Students also learned about Vermiwash, its preparation and use as a bio-fertilizer and pest repellent. The highlight of the visit was the immense practical exposure the students gained. Mr Laddi conducted an interactive training session, emphasizing the differences between vermicompost and farmyard manure, advantages of wind row systems and the need for temperature and moisture regulation. Students had the opportunity to engage with live demonstrations and ask relevant questions, bridging theory with practical understanding. Feedback from Kudrat Organic Farm was overwhelmingly positive. Mr Laddi praised the students for their curiosity, discipline and active participation. He emphasized the importance of such visits in inspiring the next generation of agri-

5. Workshop “2-Days Hands- on Training on the Processing of Pickles” Department of Food Technology, Dr Khem Singh Gill Akal College of Agriculture, Eternal University, Baru Sahib

1	Academic year	2024-25
2	Program driven by	IIC Calendar Activity
3	Quarter	Quarter-IV
4	Program/Activity Name	Field/Exposure Workshop “2-Days Hands- on Training on the Processing of Pickles” Department of Food Technology, Dr Khem Singh Gill Akal College of Agriculture, Eternal University, Baru Sahib
5	Program type	Hands on Training
6	Program Theme	Entrepreneurship and Start-up
7	Duration of the activity (in hrs)	24
8	Start Date	27/03/2025
9	End Date	28/03/2025
10	Number of Student Participants (Minimum 50 Students)	60
11	Number of Faculty Participants	5
12	Number of External Participants, If any	3
13	Expenditure Amount, If any	10Lakh
14	Mode of Session Delivery	Offline

15	Objective	<ul style="list-style-type: none"> • To introduce participants to the various types of pickles and their processing techniques and familiarize attendees with the use of natural preservatives and the importance of hygiene in pickle preparation. • To teach the participants about the packaging and storage methods for maintaining the quality and shelf life of pickles and enable participants to understand the factors that influence the taste, texture, and nutritional value of Pickles.
16	Benefit in terms of Learning/Skill/ Knowledge obtained	The "2-Day Hands-on Training on the Processing of Pickles" was an enlightening and engaging program that successfully blended theoretical learning with practical application. The participants were able to refine their skills, learn the intricacies of pickle production, and understand the importance of quality Control and hygienic practices in the food industry.

A two-day hands-on training program on the "Processing of Pickles" was conducted by the Department of Food Technology at Dr Khem Singh Gill Akal College of Agriculture, Eternal University, Baru Sahib. The purpose of this training was to provide students, faculty, and industry professionals with practical knowledge on the different techniques and methods involved in the preparation and preservation of pickles, a popular food product that holds significant value in culinary traditions across the world. The training aimed to bridge the gap between theoretical learning and practical application in food processing

Objectives

The key objectives of the training were:

1. To introduce participants to the various types of pickles and their processing techniques.
2. To familiarize attendees with the use of natural preservatives and the importance of hygiene in pickle preparation.
3. To teach the participants about the packaging and storage methods for maintaining the quality and shelf life of pickles. To enable participants to understand the factors that influence the taste, texture, and nutritional value of pickles

Practical Demonstrations:

Preparation of Pickles:

In the hands-on sessions, participants were divided into groups to prepare different types of pickles under the guidance of experienced trainers they prepared a variety of pickles such as mango, lemon, and mixed vegetable pickles.

Fermentation and Brining:

Participants practiced the fermentation process and learned how to prepare brine solutions to ensure the proper preservation of the pickles.

Packaging and Storage:

Practical demonstrations on proper packaging techniques were given, focusing on air-tight containers, sterilization methods, and storage at optimal temperatures.

Key Takeaways:**Ingredients and Spices:**

Participants learned about the essential ingredients used in pickle making, including different types of spices, oils, and preservatives, and how to use them in varying quantities to achieve the desired taste and texture.

Practical Techniques:

The hands-on sessions gave participants a clear understanding of the pickle-making process, from selecting the raw materials to storing the finished product.

Shelf Life and Quality Control:

The training emphasized methods for determining the shelf life of pickles and techniques for quality control to ensure that the product remains safe for consumption over time.

Emerging Trends in Pickle Industry:

The session also touched on emerging trends in the pickle industry, including the growing demand for organic and health-conscious pickles.

Outcome of the Training:

The participants successfully gained practical experience in the preparation and processing of various types of pickles. They were equipped with valuable skills that will not only help them in the food processing industry but also empower them to explore entrepreneurial opportunities in the growing pickle market. The training fostered a deeper understanding of food preservation and the significant role of pickles in the food industry.

The "2-Days Hands-on Training on the Processing of Pickles" was an enlightening and engaging program that successfully blended theoretical learning with practical application. The participants were able to refine their skills, learn the intricacies of pickle production, and understand the importance of quality control and hygienic practices in the food industry. The Department of Food Technology at Dr Khem Singh Gill Akal College of Agriculture, Eternal University, Baru Sahib, provided an excellent platform for individuals to enhance their knowledge and skills in food processing.

Annexure-VI

6. Visit to Han Agri Innovation Pvt Ltd, Dehradun

On 24/05/2025, first day of our exposure visit, we visited Han Agri Innovation Pvt Ltd, popularly known as Han Agrocare, situated in Dehradun. The startup was founded in 2019 by Ms Hiresha Verma, an inspiring entrepreneur with a vision to promote mushroom cultivation for health and wellness. Han Agrocare specializes in the cultivation of button mushrooms and a wide range of medicinal mushrooms such as Ganoderma, Lion's Mane, Shiitake, and Cordyceps militaris.

We were given a guided tour of their infrastructure, which includes steam boilers, autoclaves, and pasteurization chambers that are critical for sterilizing substrates and maintaining aseptic conditions for mushroom cultivation. The highlight of the visit was the Ganoderma cultivation chamber, where we learned about the medicinal uses of Ganoderma, including its anti-inflammatory, antioxidant, and immunomodulatory properties. The team at Han Agrocare also produces value-added products like mushroom pickles, cookies, papad, tea, soup, and mushroom-based nutraceutical powders, which are supplied to wellness industries.

Day 2 – Visit to Jyoti Gramodhyog Sansthan, Gangoh, Uttar Pradesh, On 25/05/2025 the second day, we visited Jyoti Gramodhyog Sansthan (JGS), a reputed beekeeping and honey processing center located in Gangoh, Saharanpur district. Established in 1990, JGS has played a pivotal role in promoting beekeeping as a rural livelihood, training over 20,000 farmers and youth. Operating under the brand name JGS Honey, the center focuses on producing pure, minimally processed honey and a range of related products.

We observed their automated honey processing and bottling plant, which can handle up to 20 metric tons per day. The facility includes a honey testing lab, automatic comb foundation machine, and machinery for producing equipment like bee hives and wax sheets. We also saw a wide variety of monofloral and multifloral honey such as Jamun, Acacia, Sunflower, Sheesham, and Creamy Mustard Honey. Value-added products like bee pollen, beeswax candles, lip balms, and moisturizers were also on display.

JGS is not only engaged in production and training but also contributes to community development, women empowerment, and digital skill development. This visit enriched our understanding of the role of beekeeping in sustainable rural development and the importance of processing and quality control in agro-based industries.

Students observing Ganoderma cultivation Chambers at Han Agrocare, Dehradun

Demonstration of beehives at JGS, Gangoh

7. Exposure Visit to Dr YSPUHF, Nauni (Solan) on 2nd June, 2025

An educational tour was organized for BSc (Hons) Agriculture 2nd year students to Dr Yashwant Singh Parmar University of Horticulture & Forestry, Nauni, Solan. The tour was coordinated by Dr Anand Singh Rawat and Dr Megha Ahir with the objective of providing students practical exposure to modern horticultural technologies and field-level practices. The tour began with a visit to the Floriculture Unit, where Dr Kiran Thakur welcomed the students and introduced them to a wide variety of ornamental crops grown under both traditional and high-tech conditions. The students closely observed flower crops like carnation, chrysanthemum, tulip, anthurium, pansy and aster, and learned about their cultivation and commercial importance. One of the key learning highlights was plant identification and classification within the campus landscape. Guided sessions helped students distinguish between numerous ornamental species, enhancing their taxonomical understanding. The visit to temperate fruit orchards offered insight into high-density plantation techniques for apple and kiwi, as well as training systems such as the tall spindle, slender spindle, espalier, and T-bar trellis systems. The students expressed great enthusiasm, actively interacted with experts and appreciated the hands-on learning experience. Feedback from the host institution was equally encouraging, praising the curiosity and discipline of the visiting students. This exposure significantly enhanced student's practical knowledge, fostered professional interest, and inspired them toward innovation in horticulture. The visit was a meaningful step in bridging academic concepts with real-world applications.

Visit to Apple HDP Demonstration Block

Visit to Kiwi Block

Annexure-VIII**8. 10-day Educational Tour from 30th June to 9th July, 2025**

As a part of the academic curriculum, a 10-day educational tour was organized for BSc (Hons) Agriculture 3rd year students accompanied by Dr Amit Saurabh (Associate Professor & Head, Department of Horticulture), Dr Mahesh Tripathi (Assistant Professor, Agricultural Engineering) and Dr Megha Ahir (Assistant Professor, Department of Horticulture) covering reputed agricultural institutes, KVKs, and research centres across Himachal Pradesh. The main objective was to provide students with hands-on exposure to modern and sustainable farming systems, innovative technologies, and real-time research advancements. Students visited institutions including KVK Kandaghat, DMR Solan, CPRI Shimla, NBPGR Phagli, KVK Bajaura, IARI Katrain, CSKHPPKV Palampur, IHBT, and RWRC Malan. They observed a wide array of technologies ranging from protected cultivation, mushroom farming, and high-density apple plantations to vertical farming, integrated livestock systems, and Zero Budget Natural Farming. Exposure to aeroponics, seed production, grafting techniques, floriculture innovations, and natural resource management enhanced their understanding of practical agriculture. The most significant highlight was the exposure gained by the students through interactive demonstrations, field visits, expert lectures, and live models of innovative farm practices. Students not only observed cutting-edge research but also learned how to translate scientific knowledge into field applications. The feedback from host institutions was highly encouraging. Faculty members praised the students' enthusiasm, discipline, and inquisitiveness. Many institutions expressed willingness to collaborate further, recognizing the value such academic-industrial interactions bring. Overall, the tour served as a transformative learning experience, bridging the gap between theory and practice, and inspiring students towards agri- entrepreneurship and sustainable farming innovations.

AKAL COLLEGE OF ECONOMICS, COMMERCE & MANAGEMENT

Dr S K Chauhan Dean ACECM organized exposure visit of B.Sc. (Hons) Agriculture 2nd year 28 students to visit and explore economic aspects of a government forest plant nursery on 27th August, 2024 located at Kheri about 6 km from Baru Sahib campus They were also taken for a round of agriculture produce market, Kheri located on the right bank of river Giri Firstly they visited a forest nursery which is functioning under the Government Forest Division & Forest Range Office, Rajgarh Mr Dinesh Kumar, Forest Guard and his three supporting staff personnel welcomed the students and instructor in front of their office & stores a beautiful lawn cum terrace of 10*10 meter well maintained with Korean grass The nursery plants in different sizes of black colour poly tubes were raised in 100 and 500 lots of beds Approximately 1 lakh plants valued at aras 50 lakh @ Rs 50/plant were raised

which became ready for effective transplanting after two year The tall plant cost was assessed to be Rs 100 and that of small to Rs 31 The entire nursery raised annual revenue of Rs 50 lakh, however, the nursery was supplied free of cost to different beats for plantation After this the students were taken to an agriculture produce market where they interacted with Mr Subhash Thakur, fruit and vegetable trader He made aware the students about the marketing channels, mode of marketing & transportation and important consuming markets of Sirmour garlic crop which is sold after thorough grading being done at the market yard The students acquired knowledge on the existing prices of garlic and important markets of Tamil Nadu, Kerala and Gujarat

Interaction And Overall Data Collection On Nursery

Akal College of Economics, Commerce and Management, Eternal University, Baru Sahib, organized an “Awareness and Cleanliness Drive” on September 14, 2024, at Village Thod Niwad, Rajgarh, District Sirmaur (HP) The primary objective of this program was to raise awareness among the local community about the Swachh Bharat Abhiyan and emphasize the importance of hygiene and cleanliness A group of 50 undergraduate and postgraduate students from the disciplines of Economics, Commerce and Management, along with faculty members Dr Pawan Kumar Dubey, Dr Kajal Chaudhary and Dr Ankit Pathania, participated in this initiative The event involved cleaning pathways and surrounding areas, particularly focusing on the historical Guru Itwar Nath Temple Local residents and officials from the Panchayat also actively joined the drive An awareness rally was also organized during the program, where slogans were raised about the importance of cleanliness and messages were conveyed through posters and banners All the participants also took an oath to keep their surroundings clean and green

The organizer of the event highlighted the global recognition of the Swachhta Pakhwara Campaign and discussed various aspects of cleanliness, including the detrimental effects of open defecation, the impact of plastic pollution and environmental hazards caused by polythene bags. In addition, the students performed a Nukkad Natak (street play) to creatively raise awareness about cleanliness. The program concluded with Dr Pawan Kumar Dubey, the coordinator of the activity, thanking especially the Gram Panchayat Pradhan Sh Ram Swaroop, ward member Sh Ashok Kumar, Sh Sachin Mehta and others local residents for their active support and participation. He also extended his gratitude to Dr Davinder Singh, Hon'ble Chancellor, Dr Jaswinder Singh, Hon'ble Vice Chancellor, Eternal University, Dr SK Chauhan, Dean, Akal College of Economics, Commerce and Management, along with the faculty members and students involved in the campaign.

On 21st October, 2024 Dr S K Chauhan organized Akal dairy farm visit for a group of 30 students of B.Sc. (Hons) Agriculture 3rd semester to conduct practical survey on dairy cows and infrastructural facilities such as cattle shed, breed wise cows, feed store, the water storage system, the mangers, milking machines, etc. Mr Gursevak Singh the supervisor of Akal dairy unit provided detailed information to the students and showed all the important tools, implements, milking machines & vessels, and the chaff cutter. The students studied the salient characters of different breeds of cows, feed and fodder application methods, the milking technique and milk production. The total milk production and channel of disposal of milk was also identified. They were also explained the methodology of preparing silage in the silo pits constructed within the dairy farm.

INTERIOR VIEW OF CATTLE SHED

DISCUSSION WITH DAIRY SUPERVISOR

Dr S K Chauhan Dean ACECM organized field exposure visit of BSc (Hons) Agriculture students to held interaction with the progressive farmer and collected information on socio economic aspects on 11/11/2024. The students shared their theoretical knowledge and learned about beekeeping with indigenous honeybees, structure of apiary house, dairy farming with Sahiwal cows Nursery raised under protected and open environment of fruits (apple, walnut persimmon, peach, plum, etc) was shown to the students. Agro- horti model with high density plantation of apple and cultivation of garlic beneath the apple plants performed with high-tech techniques were unique examples for the students. Model of water harvesting management through delivery pipes from tanks and gravity system was explained by the progressive farmer in detail. The entire village was found having a perennial source of spring water from top head of the village having 40 households. The farmer organized a trip to playhouses in different locations where students could notice the walnut nurseries and upgraded their knowledge through interaction. Among fruit nurseries and plants; the students could physically see well managed growth of apricot, walnut, kiwi, persimmon and apple plants. The students also learned that the farmer has signed MOU with Dr YS Parmar University of Horticulture & Forestry for the sale of all fruit nurseries with 20% commission on the sale value to the UHF, Solan, except for apple plantations. The farmer explained in detail the practices followed by him to make optimum use of resources and to get remunerative price for his vegetables and fruit nurseries. In nutshell the students learned that how a farmer using modern agriculture technology can become a successful entrepreneur and may earn handsome amount of nearly Rs 20 lakh per annum through the model of integrated farming. His future plan is to raise separate kiwi orchard under the newly developed land.

An educational and recreational trip for the students of BCom (Hons) 2nd and 3rd Year of Akal College of Economics, Commerce and Management, Eternal University, Baru Sahib was organized to Panchkula, Haryana state on 8th April, 2025. In this tour, a total of 14 students were taken to various

places by a team comprising Dr Kajal Chaudhary and Dr Pawan Kumar Dubey Panchkula, Haryana are well known for well-planned infrastructure, serene atmosphere, spiritual landmarks, and recreational spots, Panchkula offered a perfect blend of cultural, spiritual, and leisure experiences The trip aimed to enhance students’ understanding of India’s rich religious diversity, cultural traditions, and the value of holistic development Students made a visit to Nada Sahib Gurudwara, Fun City Amusement and Water Park, Rope Adventure Activity and finally made a visit to Mansa Devi Temple.

VISITS ABROAD

Sr. No.	DEAPRTMENT / Name of faculty/student	Country visited along with dates of visit	Purpose of visit	Source of funds
1	Dr Arkaja Bharadwaj	Thailand, 25/07-01/08 2025	Research Paper Presentation in Buditpatanasilpa Institute of Fine Arts, Bangkok, Thailand, International Academic Research Conference.	Self and 50% TA from the Authority of Eternal University (Achievement award & copy of certificate Photos attached below)

UNIVERSITY FACULTY & STAFF AS ON 31/07/2025

AKAL COLLEGE OF ECONOMICS, COMMERCE & MANAGEMENT

Sr. No.	Name	Designation	Date of Joining
DEPARTMENT OF ECONOMICS			
1	Dr. Sudershan Kumar Chauhan	Professor-cum-Dean	28/05/2018
2	Dr. D.K. Sharma	Professor(Visiting)	09/06/2010
3	Ms. Sarabjeet Kaur Dhaliwal	Associate Prof	08/03/2011
4	Dr. Manjinder Kaur	Assistant Prof	03/02/2020
5	Dr. Divyanshu	Assistant Prof	17/03/2025
6	Ms. Urvashi	Assistant Prof	28/07/2025
DEPARTMENT OF COMMERCE			
7	Dr. Kajal Chaudhary	Associate Prof	14/09/2015
8	Dr. Neha	Assistant Prof	14/02/2023
9	Ms. Neevia Thalyari	Assistant Prof	06/03/2025
10	Dr. Sanjay Kumar	Assistant Prof	13/05/2025
DEPARTMENT OF MANAGEMENT			
11	Dr. Tusshar Mahajan	Professor-cum-Additional CoE	06/10/2022
12	Dr. Ankit Pathania	Assistant Prof	27/06/2022
13	Dr. Pawan Kumar Dubey	Assistant Prof	28/08/2012
14	Dr. Shivani Dutt	Assistant Prof	14/11/2024

DR KHEM SINGH GILL AKAL COLLEGE OF AGRICULTURE

Sr. No.	Name	Designation	Date of Joining
DEPARTMENT OF AGRONOMY			
1	Dr. Ankit	Assistant Prof	20/07/2023
2	Dr. Chandra Shekhar	Assistant Prof	07/08/2023
3	Dr. Ankit Kumar	Assistant Prof	08/08/2023
4	Dr. Akashdeep Singh	Assistant Prof	14/06/2025

Sr. No.	Name	Designation	Date of Joining
DEPARTMENT OF ENTOMOLOGY			
5	Dr. Yogeeta Thakur	Associate Prof-cum-DSW	03/02/2020
6	Dr. Priyanka Thakur	Assistant Prof	16/08/2016
DEPARTMENT OF PLANT PATHOLOGY			
7	Dr. Sunita Chandel	Professor & Dean	04/04/2025
8	Dr. Sushma Sharma	Associate Prof	18/07/2014
9	Dr. Praneet Chauhan	Assistant Prof	29/08/2019
DEPARTMENT OF GENETICS, PLANT BREEDING AND BIOTECHNOLOGY			
A) GENETICS AND PLANT BREEDING			
10	Dr Vikrant Tyagi	Assistant Prof	02/03/2020
B) BIOTECHNOLOGY			
11	Dr. H.S. Dhaliwal	Professor	01/03/2011
12	Dr. Ajar Nath Yadav	Associate Prof	01/01/2016
13	Dr. Sapna Thakur	Assistant Prof	25/07/2017
DEPARTMENT OF HORTICULTURE			
14	Dr. Amit Saurabh	Associate Prof	12/12/2019
15	Dr. Yashpal Singh Bisht	Assistant Prof	20/12/2022
16	Dr. Anand Singh Rawat	Assistant Prof	27/07/2023
17	Dr. Megha Ahir	Assistant Prof	04/09/2023
DEPARTMENT OF FOOD TECHNOLOGY			
18	Dr. Naseer Ahmed	Assistant Prof	19/08/2019
19	Dr. Tajendra Pal Singh	Assistant Prof	31/07/2018
20	Dr. Divya Chauhan	Assistant Prof	01/10/2022
21	Dr. Raashid Ahmad Siddeqi	Assistant Prof	18/04/2024
22	Mr. Rajesh Kumar	Assistant Prof	18/04/2024
DEPARTMENT OF SOIL SCIENCE AND AGRICULTURAL CHEMISTRY			
23	Dr. Deepak Kumar	Assistant Prof	22/09/2021
DEPARTMENT OF AGRICULTURAL EXTENSION & COMMUNICATION			
24	Dr. Mohit Kumar	Assistant Prof	05/11/2019

Sr. No.	Name	Designation	Date of Joining
SECTIONS – AGRICULTURAL ENGINEERING			
25	Dr. Mahesh Prasad Tripathi	Assistant Prof	03/12/2018

AKAL COLLEGE OF ARTS & SOCIAL SCIENCES

Sr. No.	Name	Designation	Date of Joining
DEPARTMENT OF MUSIC			
1	Dr. Purvi Luniyal	Professor-cum-Dean	01/02/2008
2	Dr. Rani	Assistant Prof	13/02/2023
3	Dr. Arkaja Bhardwaj	Assistant Prof	27/01/2025
DEPARTMENT OF ENGLISH			
4	Dr. Ambika Sharma	Assistant Prof	01/08/2023
5	Dr. Geeta Sharma	Assistant Prof	12/08/2019
6	Dr. Nivedita Bhardwaj	Assistant Prof	06/02/2023
7	Dr. Saurav Shandil	Assistant Prof	01/04/2025
DEPARTMENT OF PUNJABI			
8	Dr. Manpreet Bawa	Assistant Prof	22/08/2023
9	Mr. Gurtej Singh	Assistant Prof	26/09/2017
DEPARTMENT OF PSYCHOLOGY			
10	Dr. Neelam Kumari	Associate Prof	01/09/2016
11	Dr. Yashpal Azad	Associate Prof	27/08/2018
12	Dr. Deepika Negi	Assistant Prof	11/12/2021
DEPARTMENT OF LIBRARY & INFORMATION SCIENCE			
13	Dr. Meenakshi Gupta	Officiating Librarian	13/07/2010
HISTORY & POLITICAL SCIENCES			
14	Dr. Babli Devi	Assistant Prof (History)	30/10/2023
15	Dr. Ramesh Kumar	Assistant Prof (Pol Sciences)	03/02/2025

AKAL COLLEGE OF ENGINEERING & TECHNOLOGY

Sr. No.	Name	Designation	Date of Joining
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING (CSE)/ICT			
1	Dr. S.S. Patil	Professor & Dean	22/03/2025
2	Er. Rajeev Thakur	Assistant Prof	01/03/2022
3	Er. Anita Chaudhary	Assistant Prof & Admission Chief Coordinator	12/02/2018
4	Mr. Manish Kumar	Assistant Prof	29/06/2023
5	Mr. Parveen Rajput	Assistant Prof	08/08/2023
6	Mr. Bhaskar Bhardwaj	Assistant Prof	14/08/2023
7	Ms. Sumitra Das	Assistant Prof	16/04/2025
8	Mr. Rahul	Assistant Prof	02/06/2025

AKAL COLLEGE OF BASIC SCIENCES
