## Testimonials from IIC members and external members about EU-IIC and MIC

 <p><b>Prof. A.S. Ahluwalia</b> Chief Mentor, IIC Eternal University</p>	<p>I have had the privilege of witnessing first-hand the transformative impact of MIC initiative on our university. The IIC has become a thriving community of innovators, fostering a culture of creativity, collaboration and entrepreneurship. I am particularly proud of the IIC's role in promoting interdisciplinary collaboration and bridging the gap between academia and industry. The council's initiatives have led to the development of innovative solutions that address real-world challenges and create positive social impact. I am confident that the IIC will continue to be a driving force for innovation and excellence at our university, inspiring future generations of leaders and entrepreneurs.</p>
 <p><b>Dr. Nasib Singh</b> President, IIC Eternal University</p>	<p>I am grateful for the MIC commitment to nurture young innovators in academic institutions. EU-IIC in collaboration with MIC and under mentorship of IMSEC, Ghaziabad has created a supportive environment where entrepreneurs and innovators can freely express their ideas and receive constructive feedback. IIC has exposed the students and faculty to the latest trends and innovations in emerging fields. This exposure has inspired us to think creatively and come up with innovative solutions to real-world problems. I am confident that IIC at Eternal University will continue to support and nurture innovative minds and boost the entrepreneurial and start-up skills of young innovators, faculty and staff.</p>
 <p><b>Dr. Siddharth Vats</b> President, IIC IMS Engineering College, Ghaziabad (Delhi NCR)</p>	<p>As the President of the Institution's Innovation Council (IIC) at IMS Engineering College, it has been an honor to serve as the mentor institute for Eternal University IIC. I have observed with great admiration your council's unwavering commitment to fostering an environment of innovation, entrepreneurship, and creativity among your students and faculty. The efforts put forth by Eternal University IIC in bridging the gap between academic knowledge and real-world applications are truly commendable. Your proactive approach towards building a strong innovation ecosystem is not only inspiring but also a critical step in driving meaningful change. It is evident that your leadership and vision are cultivating a culture of innovation that will leave a lasting impact, and I am confident that your IIC will continue to grow as a hub of innovative minds and entrepreneurial talent. We are proud to support your initiatives and look forward to our continued collaboration in advancing the shared goals of innovation and entrepreneurship. Together, we can continue to make meaningful contributions to society through the development of young innovators.</p>
 <p><b>Dr. Naresh Kumar</b> Convenor, IIC Eternal University</p>	<p>Being a part of the IIC has been a truly enriching experience. The council has provided me with countless opportunities to explore my innovative ideas and collaborate with like-minded peers. I have gained valuable skills in problem-solving, critical thinking and teamwork. The exposure to industry experts and the chance to participate in hackathons and competitions have broadened my horizons. The mentorship and support we receive from the IIC have been instrumental in fostering a culture of innovation within our institution.</p>
 <p><b>Mr. T. Muthukumaran</b> Social Media Coordinator IIC, Eternal University</p>	<p>With an objective of driving innovation, entrepreneurship and facilitate start-up ecosystem in collaboration with MoE's Innovation cell, IIC of Eternal University has been organising scientific events, workshops, industrial visits, seminars, webinars, hands-on training etc. to educate the young innovators about creative ideas, innovation and entrepreneurship ecosystem. IIC activities has provided exposure to problem solving skills, teamwork for sustainable solutions, UN SDGs, IPR based solutions, and developing thought process of converting problems into opportunities.</p>
