## Brief report of World Earth Day celebrated on 22<sup>nd</sup> April, 2024

The Department of Zoology & Department of Botany, Eternal University, Baru Sahib in collaboration with Institution's Innovation Council, National Service Scheme, and EU - Clubs aligned with SDGs, took significant strides towards environmental conservation and awareness. Here's a glimpse of the impactful activities that took place:

- **Awareness Rally:** Engaging the community and spreading the message of environmental stewardship.
- **Plastic-Free Cleanliness Drive:** Contributing to a cleaner, healthier planet by eliminating plastic waste.
- **Plantation at Botanical Garden:** Adding to greenery and biodiversity with tree plantations.
- **Expert Lecture on Eco-Friendly Waste Management:** Dr. Rakesh Joshi shared insights on vermicomposting for sustainable waste management.
- **Emphasis on Medicinal Plants:** Dr. B. D. Sharma highlighted the importance of medicinal plants for sustainable health solutions.

World Earth Day celebration at Eternal University aimed to raise awareness about environmental conservation and encourage active participation in sustainable practices. Through a series of impactful activities, the event sought to highlight the importance of preserving our planet for future generations.

The day began with an enthusiastic awareness rally organized by the participating students and faculty members. Participants marched through the university campus, carrying banners and placards with messages advocating for protecting our mother earth. The rally aimed to engage the wider community and spread the message of World Earth Day-2024 'Planet vs Plastic' beyond the campus boundaries. The rally was inaugurated by Honorable Vice Chancellor, Dr. Jaswinder Singh and Dean Academic Dr. Tarlok Singh Benipal. Students of different departments and NSS volunteers participated in a plastic-free cleanliness drive across the campus premises. As part of the university's commitment to biodiversity conservation, a plantation drive was organized at the Botanical Garden. Students, faculty, and staff members came together to plant a variety of indigenous trees and shrubs, contributing to the enhancement of green spaces on campus. The plantation activity not only beautified the surroundings but also served as a practical demonstration of ecosystem restoration and carbon sequestration.

Welcome address was given by Dr. Sandipan Gupta, Dean Akal College of Basic Sciences. An informative lecture was delivered by Honorable Pro-Vice Chancellor Dr. Amrik Singh Ahluwalia and Dr. Rakesh Joshi (environmental experts) to provide insights into pressing environmental issues and sustainable solutions. Topics such as climate change, biodiversity loss, and eco-friendly practices were discussed, fostering a deeper understanding of the challenges facing our planet and inspiring individuals to take proactive measures towards positive change.

Honorable Vice Chancellor, Dr. Jaswinder Singh delivered message to the University students and staff to practically propagate the mission of Earth day by emphasizing the university's commitment to environmental stewardship and called upon the entire university community to embrace sustainable lifestyles. He also stressed upon the significance of maintaining groundwater levels and the responsibility of every citizen in environmental conservation. Dr. Neelam Thakur, HOD Department of Zoology gave vote of thanks to all the participants and the team members Prof. B.D. Sharma, Dr. Devendra Srivastava, Dr. Pradeep K Singh, Mr. Balbinder Singh, Er. Anita Chaudhary, Dr. PreetyTomar and Dr. Rakesh Joshi. The celebration was ended with pledge and national anthem.

Let's continue working together for a greener, healthier planet!
