Eternal University, Baru Sahib commemorated World Environment Day on June 5th, 2024 with a dedication to preserving and protecting the marvels of our planet for future generations. During the celebration, students, faculty and staff united to plant a diverse array of indigenous trees and shrubs, enhancing the green spaces across the campus. This plantation initiative not only beautified the environment but also served as a tangible demonstration of ecosystem restoration and carbon sequestration. Dr. Jaswinder Singh, Hon'ble Vice Chancellor and Dr. Amrik Singh Ahluwalia, Worthy Pro-Vice Chancellor addressed the University students and staff, urging them to actively promote the mission of World Environment Day. He emphasized the university's commitment to environmental stewardship and called on the entire university community to adopt sustainable lifestyles. Additionally, he highlighted the importance of maintaining groundwater levels and the responsibility of every citizen in environmental conservation.

By adopting sustainable practices, planting trees and reducing our carbon footprint, we can create a lasting positive impact on our world.
