Brief report of activity

The event 'Science with Fun' of National Science Day-2025 was successfully conducted on 24th February 2025 from 4:00 PM onwards in Smart Classroom-307 & Chemistry Laboratory with the theme: ***Empowering Indian Youth for Global Leadership in Science and Innovation for Viksit Bharat***. The event started with a welcome speech by Prof. Kamal Kishore, Department of Chemistry & Biochemistry. Prof. Kishore emphasized the importance of "Science with Fun," explaining that when science is presented in an enjoyable and interactive way, it becomes not only more engaging but also more accessible to learners of all ages. By blending entertainment with education, science ignites curiosity, fosters deeper understanding, and encourages exploration.

There was enthusiastic participation from students across various disciplines, including Basic Sciences, Psychology, and Agriculture. Students actively engaged in the activities, showcasing their creativity through skit that humorously explored scientific concepts. Additionally, the students performed a series of fascinating and amusing laboratory experiments, adding an element of surprise and excitement to the event. Their lively contributions not only entertained the audience but also demonstrated how science can be both educational and fun when approached with creativity and imagination. The event was successfully closed by a vote of thanks by Dr. Jaswinder Kaur and Ms. Roheela Farzeen to all the participants, audience, faculty members, NSS, IIC, organizing committee of NSD – 2025 and HIMCOSTE for their valuable contributions.
