Brief report of activity

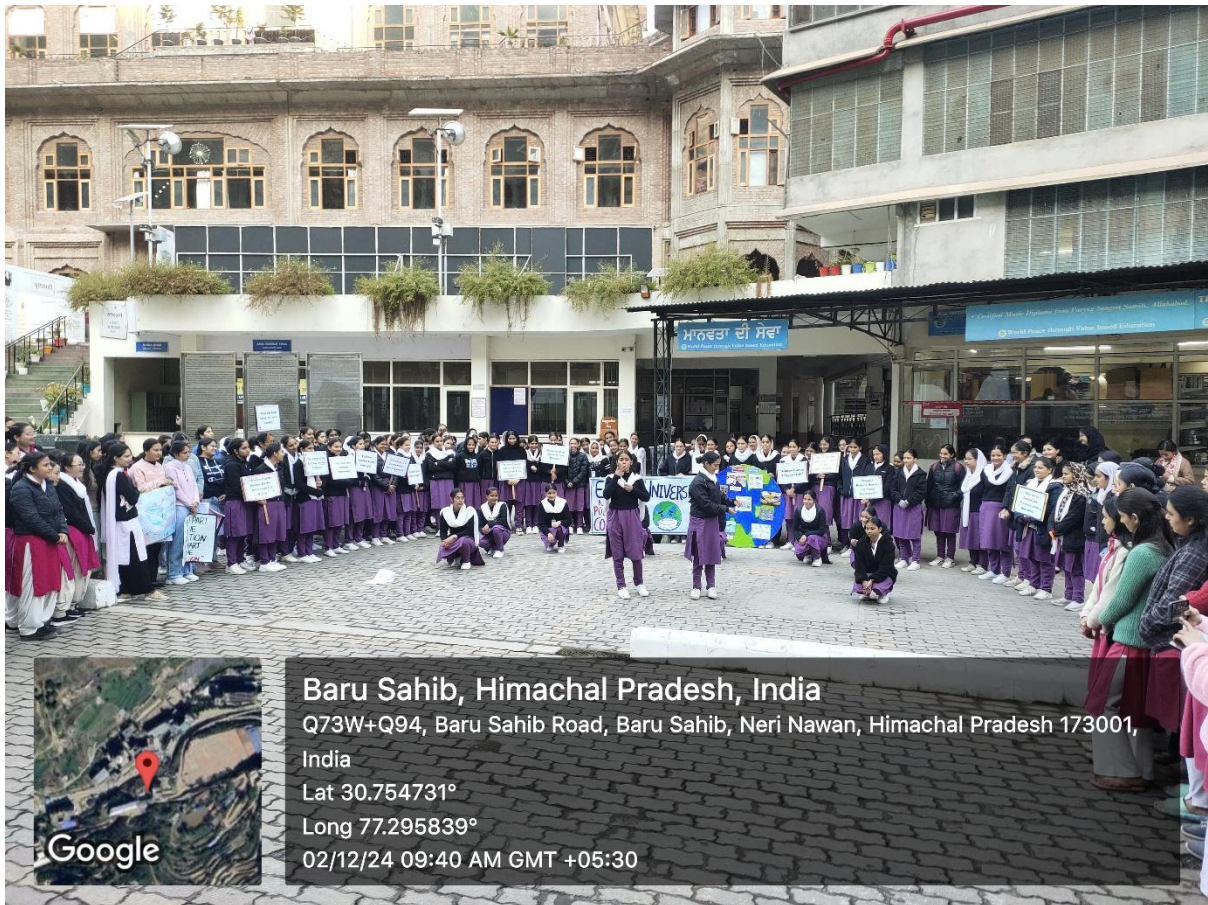

National Pollution Control Day was celebrated at Eternal University on December 2, 2024, with the aim of raising awareness about pollution and promoting sustainable living. The event encouraged participants to adopt eco-friendly habits and highlighted the importance of reducing pollution for a healthier environment.

Event Highlights:

1. **Awareness Rally:** Students and faculty members actively participated in a rally to spread awareness about pollution control. Holding placards and chanting slogans like *"Stop the Pollution, Be the Solution!"*, participants inspired the local community to take action against environmental degradation.
2. **Nukkad Natak:** A thought-provoking street play was performed by students, depicting the harmful effects of pollution and the urgent need for sustainable practices. The play effectively conveyed messages on waste management, air pollution and water conservation, leaving a lasting impact on the audience.
3. **Vehicle-Free Day:** To promote clean air and reduce carbon emissions, a Vehicle-Free Day was observed. Faculty, staff and students were encouraged to walk, cycle, or use public transport instead of personal vehicles, reinforcing the importance of reducing air pollution.
