Total number of teachers who received national/
international fellowship/ financial support by various
agencies for advanced studies/research during the last five years

Formula = $\frac{\text{Total number of teachers who received national/ international fellowship/ financial support by various agencies for advanced studies/research during the last five years}}{(2.2) \text{ Total number of full time teachers (without repeat count) during the last five years}} \times 100$

= $\frac{3}{128} \times 100$

= **2%**
